

## Leading Edge Academy Athletics Protocol

Below are the guidelines, expectations and protocol for all LEAD Charter Schools athletic programs as we begin school in the fall of 2020.

### For Athletic Fields and Gyms

For general safety, all student-athletes coming onto the campus will need to have their temperature taken by a coach, AD, trainer, or nurse, before being able to participate. Coaches will have their temperatures taken as well.

- If someone is showing a fever of 100.0 (CDC recommended) or over, they will be asked to go home.
- At all times, and until further notice, temperatures will be taken before admittance to campus for practices, workouts or games.
- A hand-sanitizer station will be in effect prior to and after using the equipment and practicing. All athletes will use hand sanitizer before and after practice/work outs.

### For Weight Rooms

For general safety, all people coming onto the campus will need to have their temperature taken by a coach, AD, trainer, or nurse, before being able to participate. Coaches will have their temperatures taken as well.

- If someone is showing a fever of 100.0 (CDC recommended) or over, they will be asked to go home.
- At all times, and until further notice, temperatures will be taken before admittance to campus for practices/training until school is back in session.
- After using the equipment, it will be sanitized and needs to dry (at least 30 seconds) before the next person uses it.
- A hand-sanitizer station will be in effect prior to and after using the equipment and practicing. All athletes will use hand sanitizer before and after practice/work outs. A twenty second thorough handwashing is recommended after the practice or training has ended.

### A Few Other Reminders

- Leading Edge Academy will adhere and follow all federal, state, and local government ordinances and protocol in regards to COVID-19.
- In the event that the federal, state or local governments require masks, the student-athletes must wear the mask until they enter the court or playing field, at which point they may remove their mask. As soon as the workout, practice or game is completed the student-athlete must wear the mask.
- No drinking fountains will be accessible during workouts, practices or games. Players must bring their own water from home.
- We will utilize only one restroom, either lobby, coach/single, if needed.
- Parents will not be allowed to come onto campus, either into the gym or onto the field, but will need to drop off and pick up from their cars only.

- Any equipment used will be sanitized once completed for the day. For the weight room, equipment will be sanitized after each use.
- After using personal water bottles, use hand sanitizer again before going back to practice, training.
- After using the restroom, twenty second thorough handwashing/sanitizing before practicing or training resumes.
- Any student-athlete participating in any workout, practice, or game must have a completed Waiver, Release, and Assumption of Risk Form on file with the Athletics Office.
