

When logging into Synergy for the first time, you will need to allow pop-ups for the site in your Chrome browser. You will see this screen when you first go to the login page for Synergy:

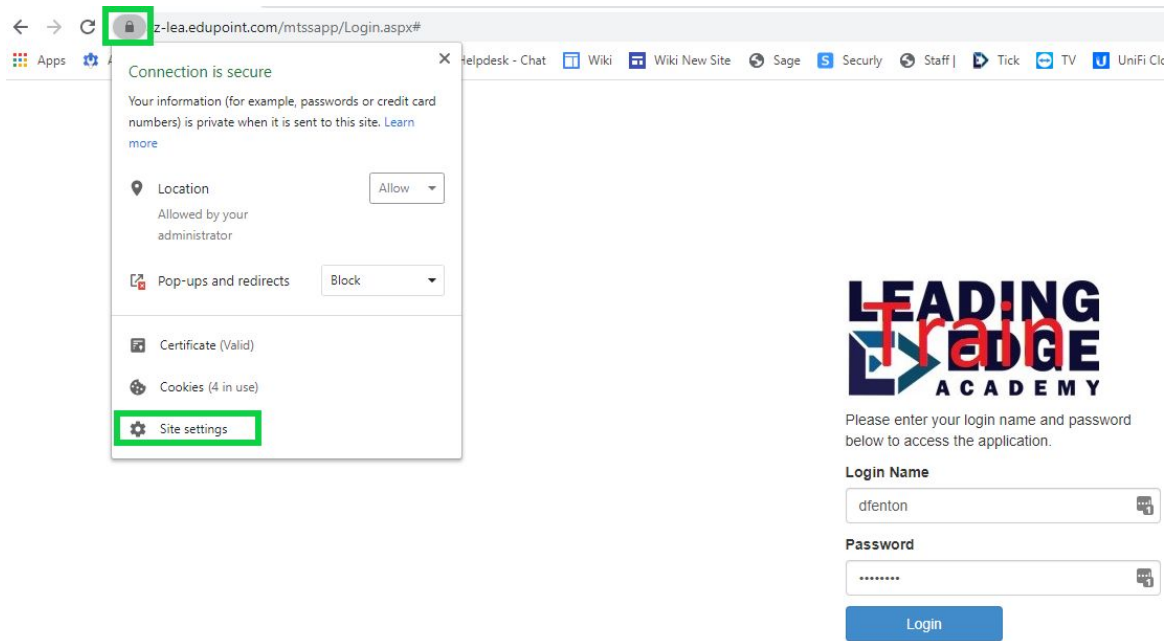

You can disable pop-ups for just the Synergy site by left clicking on the icon with a little red x, located on the right hand side of your Chrome browser's address bar, and selecting "Always allow pop-ups and redirects from <http://az-lea.edupoint.com>"

If there is no icon with a little red x in the address bar of your Chrome browser and you are still experiencing issue with pop-up, you can left click on the lock icon on the left hand side of your Chrome browser's address bar and select the "Allow" option from the drop down menu next to the "pop-ups and redirects"

You can also verify that pop-up are allowed for Synergy in your Google browser by clicking on the lock icon on the left hand side of your Chrome browser's address bar and selecting "Site settings"

After clicking on “Site settings” select the “Allow” option from the drop down menu next to the “pop-ups and redirects”
