Welcome Parents and Students:

We are looking forward to an exciting and productive new school year with you and your children. This Parent/Student Handbook and Student Code of Conduct is a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into three sections:

Section I - Information for Parents and General Policies and Procedures

This contains information all parents will need to assist their child and respond to school-related issues. This section also describes school operations and requirements, safety procedures, and the dress code.

Section II - Health Office

This section outlines Health Office Policies and Procedures.

Section III – Student Code of Conduct

All students and parents must review this handbook. A copy of this handbook is published at www.leadingedgeacademy.com under the “Resources> Handbook” section.

Please note that the term “the student’s parent” is used to refer to the parent or legal guardian.

Both students and parents must be familiar with the Student Code of Conduct. Please be aware that the handbook is updated yearly, however policy adoption and revision may occur throughout the year. Changes in policy that may affect handbook provisions are made by the School Board in open meetings, which are publicized locally.

We strongly recommend that parents review the entire handbook with their children and keep it as a reference during this school year. If you or your children have questions about any of the material in this handbook, please contact the school office.

We are looking forward to a great school year of working with you and serving your children.

SECTION I

I. GENERAL POLICIES & PROCEDURES

A. ATTENDANCE

Regular school attendance is essential for the student to make the most of his or her education – to benefit from Teacher-led activities, to build each day’s learning on that of the previous day, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences.

Excused Absence Definition

Excused Absence Policy: In order for an absence to be considered excused both conditions must be met:

1. it must be an absence relating to illness (physical or mental), doctor appointment, bereavement, family emergencies, or a school approved religious holiday.
2. The school must be notified no later than the end of the school day that the first absence occurs. (A.R.S. § 15-901(A)(1), A.R.S. § 15-807(B)). For on-going illness related absences, a Chronic Illness Form should be completed by the student’s physician.

Actions taken by the school for absences:

- When a student is absent for 10% of the school year a letter will get sent home. (i.e. If school has been in session for 50 days a letter will be sent home on their 5th absence as a reminder.)
- When a student reaches 10 absences a parent meeting will be required to address ongoing attendance concerns.
- When a student reaches 18 absences an attendance committee will be convened with the parent/guardian and the student to determine the most appropriate course of action. Pursuant to A.R.S. 15-802 (B)(1), students who are not in attendance at least 90 % of the school year are subject to possible retention. The student may be retained and/or placed on an attendance contract by the attendance committee.
- Ten consecutive absences: Students absent for ten (10) consecutive school days, except for excused absences, shall be withdrawn from the school pursuant to A.R.S. 15-901 (A)(2).

Exceptions may be made for any student who is identified by a licensed physician as having a chronic health condition that would affect regular school attendance.

B. SCHOOL HOURS AND DROP-OFF/PICK UP PROCEDURES

PLEASE SEE APPENDIX F FOR INDIVIDUAL CAMPUS TIMES OF OPERATION.

Students should not be on campus until one half-hour before school start time. Students should be picked up from school promptly once school is dismissed and stay no longer than 20 minutes after dismissal. Staff will not be available to provide supervision outside of these hours. Parents will be charged \$2.50 per minute per family. Parents may call the school ahead of time if they know they will be running late, but a late fee will still be charged. If a parent or authorized pickup person does not arrive or call by 10 minutes past the designated pick up time, staff will begin to call the student's emergency contact list. If no emergency contacts can be reached within one hour past the designated pick up time staff may contact the local police department who will pick up the child. Late fees will be due within one week to the front office. Exceptions may be granted for extracurricular activities as approved by the Administration and Sponsor. School is in session Monday through Friday of each week, unless holidays, conference days or training days have been pre-scheduled.

C. TARDINESS

All students are expected to report to their rooms at the designated start time for their campus (see Appendix E). Any arrivals after such time are considered late and will be required to go to the front office to sign in and receive a late pass. **A parent, guardian or person responsible for bringing them to school must accompany the student to the office and sign them in - no exceptions. If a student arrives late unattended, the parent will be called and required to return to school and sign in their child before the student will be allowed to proceed to class.**

Repeated tardiness will be handled in the following way:

- ☐ 3 days tardy in one semester - parents will be contacted
- ☐ 6 days tardy in a semester will require a parental conference
- ☐ 8 days tardy in a semester will result in a half-day in-school suspension
- ☐ 10 days tardy in a semester will require a parental conference to discuss student's continued enrollment

D. RELEASE OF STUDENTS FROM SCHOOL

Class time is important, so doctor's appointments should be scheduled, if possible, at times when the student will not miss instructional time, such as Friday afternoons. A student will not be released from school at times other than at the end of the school day unless the campus sign-out procedures are followed. They will be released only to those individuals who are listed on the student's permission to pick up form. However, students may be released at a predetermined time on specified days according to a parent signed release form.

A student who becomes ill during the school day should, with the Teacher's permission, report to the Health Office. The Health Assistant will decide whether or not the student should be sent home and will notify the student's parent.

E. PARENT CONTACT INFORMATION

It is imperative that all parent contact information be current at our office. This information includes: changes in address, email, home and work phone numbers as well as additions or changes in persons authorized to pick students up from school. Accurate parent contact information is important in the event that a child becomes ill or an emergency occurs and the school must contact the parent immediately.

F. PARENTAL INVOLVEMENT

Both experience and research tell us that a child's education succeeds best when there is a strong partnership between home and school; a partnership that thrives on communication. Your involvement in this partnership should include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides. Ensure that your child completes all homework assignments and special projects. Be sure your child comes to school each day prepared, rested and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs. Discuss with the Principal any questions you may have about the options and opportunities available to your child. Monitor your child's academic progress and contact Teachers as needed.
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a Teacher, Counselor or Principal, please contact the school office for an appointment. A Teacher will usually return your call or meet with you during his or her conference period or before or after school.

G. VOLUNTEERS

School volunteers contribute valuable hours to enhance the education of students at Leading Edge Academy. Volunteers serve as assistants in the classrooms, in the office, on the playground, with fundraising and other areas as needed. Some volunteers serve as tutors and classroom speakers or assist with various special projects or events throughout the school year. School volunteers are essential to a successful school. If you are interested in volunteering, please contact the school office. Your time is greatly appreciated.

H. VISITORS TO THE SCHOOL

All visitors must check in at the school office and wear a visitor's badge while on campus. Upon entering a school building, visitors will be asked to present a government issued ID such as a Driver's License, which can be scanned into our Raptor Security System. The Raptor system checks visitor's name and date of birth for comparison with a national database of registered sex offenders. No other data from the ID is gathered or recorded and the information is not shared with any outside agency. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of their visit. A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork. It will only be needed for someone who is planning on entering through the office doors during school hours. Please refer to our

I. WITHDRAWING FROM SCHOOL

A student under the age of 18 may be withdrawn from school only by a parent or legal guardian. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. A withdrawal procedures checklist and a withdrawal form (which may be obtained by the parent from the school office) must be filled out and signed by the parent/guardian. Enrollment at another Arizona Public School is contingent on completion of this form. Students will be billed for any school property (i.e. library books) that is not returned upon withdrawal from Leading Edge Academy.

J. STUDENT RECORDS

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights. Please see the copy of the Family Educational Rights & Privacy Act for more specific information (see Appendix B). All requests for educational records will be handled according to state and federal regulations.

K. MAKE-UP WORK POLICY

Make-up work for excused absence

A student will be permitted to make up tests and to turn in projects due in any class missed because of an excused absence.

If there is to be an extended absence, parents may request that missed assignments be available for them to pick up. *Teachers need and appreciate a 24 hour advance notice to gather all necessary materials.*

For any class missed, the Teacher may assign to the student makeup work based on the instructional objectives for the subject or course. The needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements will also be considered.

A student will be responsible for obtaining and completing *all* makeup work. For every day absent, the student has two school days to make up the work missed. **A student who does not make up assigned work within the time allotted will receive a grade of zero for the assignment.**

Make-up work for suspension

The parent/guardian is responsible for contacting the office and making arrangements for make-up work. Students do not receive credit for work missed during a suspension. However, students will be expected to make up the work to maintain class continuity and educational standards.

L. DRESS AND GROOMING

All students enrolled in Leading Edge Academy are expected to abide by the approved dress code while on campus and while attending off campus school sponsored activities including field trips, parties, and sporting events. School uniform should be modest, neat, clean and in good repair. All clothing should be hemmed and patched neatly. Clothing stained or damaged beyond repair may not be worn to school. Copies of the current year, campus-specific *LEADING EDGE ACADEMY DRESS CODE* are available at the school office and on the Leading Edge Academy website.

M. UNIFORM CODE

Uniforms are to be worn Monday-Thursday. Refer to the current year, campus-specific *LEADING EDGE ACADEMY K-8 DRESS CODE* available at the school office and on the Leading Edge Academy website. Fridays are dress down days and students must follow the general dress code rules. See appendix I for a comprehensive dress code guide.

N. FIELD TRIPS

Student field trips are considered a privilege at Leading Edge Academy. Teachers may deny a student's participation in a field trip because of inappropriate behavior. Please remember that permission slips must be signed and returned to the Teacher prior to the field trip. ***Students will not be allowed to call home on the day of the field trip to receive parental permission.*** Parents may contact the campus Administrator for additional information on field trip procedures.

*Parents are responsible for any damage their child may cause while attending field trips.

O. BUSES AND OTHER SCHOOL VEHICLES

Expected Student Behavior

- Obey the driver at all times.
- Be at the designated pick-up location 10 minutes prior to the scheduled pick-up time in the morning. Be on time to the designated pick-up location in the afternoon.
- Stand at a safe distance from the curb or street.
- Be courteous and respectful to the driver and other passengers.
- When crossing the street, always cross in front of the school vehicle.
- Always use the steps and handrail when boarding and leaving the school vehicle.
- Be seated quickly and quietly in your seat. Remain seated facing forward in your seat while the school vehicle is moving. The aisle is not to be blocked at any time.
- Always identify yourself when asked by the driver.
- No eating, drinking (except water in plastic bottles), smoking, chewing gum or spitting inside the school vehicle.
- Keep hands, arms, head, and all objects inside the school vehicle at all times.
- Seat belts must be fastened at all times.
- Talk in normal tones; loud, rude, vulgar, or obscene language is prohibited.
- Keep the school vehicle clean and free of damage.
- State law prohibits the following items on school transportation: alcoholic beverages, dangerous or narcotic substances, legally prohibited substances, animals, insects,

reptiles, weapons, glass items, smoke or stink bombs, explosives, fireworks, tobacco, and other dangerous objects.

- All items carried by the student (i.e. band instruments, athletic equipment, backpacks, etc.) must be under their control at all times, and must be carried in the lap, between seats or properly secured in a vacant seat. Instruments cannot occupy needed seating space or aisles.
- Skateboards, scooters, and roller skates/blades are not allowed on the school vehicle.
- Students are permitted to leave the school vehicle only at the designated stops. Any changes require a parent/legal guardian's written request, approved by a school official, counter-signed by a school official.
- Students are permitted to ride only the assigned school vehicle. Any exceptions must be requested in writing by the student's parent or legal guardian and approved by a school official.
- Remain seated while the vehicle is in motion and until it comes to a complete stop.

P. REPORT CARDS

Students are issued a report card outlining their academic progress, conduct, and attendance each semester. Students' progress, usually updated weekly, and semester report cards will be available online via ParentVue. Paper copies will be provided upon request.

Q. HONOR ROLL (Grades 3-8)

Principal's Honor Roll:

- All A's
- No N's in Character Trait Grades

Honor Roll:

- All A's and B's
- No N's in Character Trait Grades

R. PROMOTION AND RETENTION

Promotion from year to year will be based upon standards for each core subject area as established by the state. The standards that students must achieve in reading, written communication, and mathematics for promotion to the next grade are identified in the course of study.

Attendance of at least 90% of the total number of days that school is in session (no more than 10 days absent per semester) is required for promotion unless waived by the Principal in conference with the student's Teacher, and parents or guardians.

In addition to these standards, test scores, grades, Teacher/Principal recommendations, and other pertinent data will be used to determine promotion.

Retention of students is a process that is followed when the professional staff, in consultation with the parent, determines it to be in the best interest of the student.

Though primary grades are suggested as the most appropriate time, retention may be considered at any grade level.

When circumstances indicate that retention is in the best interest of the student, individual consideration will be taken into account, and the decision will be made only after a careful study of facts relating to phases of the child's growth and development. The student's academic achievement level and mental ability are important, but physical and social characteristics are also important factors. A decision should be based on sufficient data, collected over a period of time and motivated by a desire to place the student in the school program where he or she will be the most successful.

In addition to the above, such decisions, when applied to students enrolled in special education, shall be on a case-by-case basis, consistent with the individualized education plan.

Retention is considered when it is in the student's best interest, and is viewed not as a punitive measure, but as an enhanced opportunity to meet ultimate graduation requirements.

Pursuant to Arizona Revised Statutes, a parent may appeal to the School Board for reconsideration on any placement decision.

REGARDING LIMITED-ENGLISH-PROFICIENT STUDENTS: The decision to promote or retain will be based on the student's academic skills, and not upon English language proficiency alone.

S. CITIZENSHIP AND CHARACTER PROGRAM

As part of our *Character Above All Else* core value, students in Junior High (Grades 6–8) are required to complete 20 hours of community service each school year. Serving others helps shape who we are, building empathy, responsibility, and a heart for our community(citizenship).

T. STATE-MANDATED ASSESSMENT TESTS

Students at certain grade levels will take state assessment tests as well as routine testing and other measures of achievement.

English Language Learners- Arizona law requires that children with a home language other than English be assessed using the Arizona English Language Learner Assessment (AZELLA) for proficiency in oral language, reading comprehension, and written communication. Following parent/guardian notification, students who are identified as limited English proficient may receive various forms of instructional support focused on English acquisition. Leading Edge Academy offers an English Language Learning Program to serve students who need assistance in learning English. Full inclusion of English Language Learners is practiced.

U. STUDENT OR PARENT COMPLAINTS AND CONCERNS

If a conflict arises between a student and a Teacher, or if a parent or guardian has a complaint, the issue should be resolved as soon as possible. Parents or guardians are encouraged to set up a *conference time* with the Teacher and express their concern directly. In most cases, a misunderstanding exists and the conference will settle the issue to everyone's satisfaction. However, if this does not solve the problem, a conference should be requested with the Principal. If further concerns still exist, the parent should contact the Network Office.

V. ELECTRONIC DEVICES

Students are not permitted to possess such items as laptops, PDAs, pagers, radios, CD players, tape recorders, MP3 players, camcorders, DVD players, cameras, gaming systems, or any other electronic devices at school, unless prior permission has been obtained from the Principal and/or Teacher. If these devices are visible/evident, they will be confiscated, turned in to the office, and returned only to legal parents and/or guardians.

Cell phones may be in a student's possession at school; however the phone must be turned off during class hours. Teachers may at their discretion collect all cell phones while students are in their classroom. If a student uses a cell phone during class hours for text messaging or phone calls, the Teacher may confiscate the cell phone and turn it in to the office. The cell phone will only be returned to the legal parents and/or guardian of the student.

Students choosing to bring electronic devices, including cell phones, to school do so at the risk of confiscation, theft or damage; Leading Edge Academy is not responsible for the security of personal possessions, whether in the student's possession or in the school's possession.

W. SCHOOL FACILITIES

Use By Students Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the Teacher or Sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus. After dismissal of school in the afternoon, and unless involved in an activity under the supervision of a Teacher, students must leave campus immediately.

Conduct Before and After School

Teachers and Administrators have full authority over student conduct at before or after-school activities on school premises and at school-sponsored events off school premises, such as play rehearsal, club meetings, athletic practice and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct.

Hall Pass

Loitering or standing in the halls between classes is not permitted. During class time, a student must have a pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Pest Control Information

The school periodically applies pesticides inside buildings. Except in an emergency, notices will be posted 48 hours before application.

Vandalism

To ensure that school facilities can serve those for whom they are intended—both this year and in the coming years—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Drills: Fire and Other Emergencies

From time to time, students, Teachers, and other school employees will participate in drills of emergency procedures. When drills are in progress, students are expected to follow Teacher/Administration directives and procedures outlined in the campus handbook.

Safety

Student safety on campus and at school-related events is a high priority of Leading Edge Academy. Although the school has implemented safety procedures, the cooperation of students is essential to ensure school safety. A student should:

Avoid conduct that is likely to put the student or other students at risk for injury.

Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the Principal, Teachers or Bus Drivers.

- Remain alert to and promptly report to a Teacher or Principal any safety hazards such as intruders on campus and/or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of Teachers, Bus/Van Drivers and other Network employees who are overseeing the welfare of students.

Music

Music played at Leading Edge Academy must adhere to the school's educational mission. All music played during any school function must be school appropriate. The music played at dances and sporting events must not be vulgar, offensive, obscene or libelous; demean others on the basis of race, color, religion, creed, national origin, gender, sexual orientation, or disability; or promote alcohol, drug use or violence.

X. DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS

School Materials

Publications prepared by and for the school may be posted or distributed, with prior approval by the Principal. Such items may include school posters, school newspapers/newsletters, school yearbook, brochures, murals, etc. All school publications are to be under the supervision of a Teacher or the Principal.

Student Non-School Materials

Unless a student obtains specific prior approval from the Principal, written materials, handbills, photographs, pictures, petitions, films, tapes, posters or other visual or auditory materials over which the school does not exercise control may not be posted, sold, circulated or distributed on any school campus. To be considered, any non-school material must include the name of the sponsoring organization or individual. The decision regarding approval will be made in two school days.

Any student who posts material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without this approval will be removed.

Non-Student, Non-School Materials

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the school or by an affiliated school-support organization will not be sold, circulated, distributed, or posted on any school premises by any school employee or by persons or groups not associated with the school, except by permission from the Principal. To be considered, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring organization or individual, and be submitted to the Principal or Designee for specific prior review. The Principal will approve or reject the materials within two school days of the time the materials are received.

Y. STUDENT FEES

Materials that are part of the basic educational program are provided with state and local funds and are at no charge to a student. A student, however, is expected to provide his or her own personal supplies such as but not limited to, pencils, paper, erasers and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Fees to participate in voluntary clubs, athletic teams or student organizations.
- Admission fees to field trips and extracurricular activities.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, yearbooks, etc.
- Personal apparel used in extracurricular activities that becomes the property of the student.

Z. FUND-RAISING

Student clubs or classes, outside organizations, and/or parent groups occasionally may be permitted to conduct fund-raising drives for approved school purposes. All fundraising activities must have prior approval from the school Principal.

SECTION II

II. HEALTH OFFICE

A. EMERGENCY MEDICAL TREATMENT AND INFORMATION

Parents are required to keep their students list of health problems, allergies, and emergency contact information up to date in ParentVue. *Parents will also be responsible for keeping ParentVue information current regarding your address, home phone, business phone or emergency phone number changes during the school year.* If we cannot reach you in an emergency, we may call paramedics who will decide if an ambulance should be called. The cost of this service will be the parent's responsibility.

The Health Assistant will not treat an ill or injured student, except in extreme life-threatening situations. If your child becomes ill or is injured, you or your emergency contact will be called. The parent or a designee must promptly pick up students who are unable to be in class as there is limited space in the Health Office.

B. TOILETING INDEPENDENCE – KINDERGARTEN

Students enrolled in kindergarten are expected to be toilet independent. If a student who is not toilet independent requires diapering or extensive toileting assistance and does not have an IEP or Section 504 plan requiring such services, the parent or emergency contact will be contacted and expected to come to the school promptly to provide the necessary care.

C. IMMUNIZATIONS

In order for any student to attend school, state law requires that our school office receive proof of immunization from the parent or guardian. Documentary proof is not required for a student to be admitted to school if one of the following occurs:

- The parent or guardian of the student submits a signed statement to the school Administrator stating that the parent or guardian has received information about immunizations provided by the Department of Health Services, understands the risks and benefits of immunizations and the potential risks of non-immunization and that due to personal beliefs, the parent or guardian does not consent to the immunization of the student.
- The school Administrator receives written certification signed by the parent or guardian and by a physician, which states that one or more of the required immunizations may be detrimental to the student's health and which indicates the specific nature and probable duration of the medical condition or circumstance which precludes immunization.

In the event of an outbreak of a "vaccine preventable" disease for which you cannot provide proof of immunity for your child, your child will not be allowed to attend school until the risk period ends. The Department of Health Services or Local Health

Department shall transmit notice of this determination to the school Administrator responsible for the exclusion of the student(s).

D. MEDICATION AT SCHOOL

In order to be in compliance with state guidelines, Leading Edge Academy has implemented the following policy on dispensing medications to students during school hours:

- Whether a prescription drug or an over-the-counter drug, the medication must come in the original container. Your pharmacist should be willing to provide two medicine vials (one for school, one for home), if necessary.
- Medication must have the child's identification on the vial, directions from the physician and/or pharmacist, and must state the name of the medication as well as, dosage and time to be given, with a copy of all warnings and possible reactions attached.
- Do not *send* medication to school with your child. ***All medications are to be brought in by the parent/guardian to the Health Assistant.***
- Parents/Guardians must complete medical consent form before school personnel can administer medications.
- All medications will be kept in a locked cabinet by the Health Assistant.
- A student may keep a prescribed inhaler with them during the school day, but a medical consent form must be complete and on file with the Health Assistant.

E. DIABETES POLICY

In accordance with Arizona Revised Statute 15-344.01, the management of students with diabetes in the classroom, on School grounds and at school-sponsored activities shall be in compliance with this policy. Students attending Leading Edge Academy with diabetes shall have a Diabetes Medical Management Plan (DMMP) on file with the School and the DMMP shall be updated and submitted annually.

The DMMP shall:

- Be provided by the Parent or Guardian;
- Be signed by the appropriately licensed health professional or nurse practitioner;
- Authorize the student to carry appropriate medications and monitoring equipment;
- Acknowledge that the student is capable of self-administering medications and equipment;
- Specify a method to dispose of equipment and medications in a manner agreed on by the parent or guardian and the School; and
- List the medications, monitoring equipment, and nutritional needs that are medically appropriate for the student to self-administer and that have been prescribed or authorized for the student.

Student Self-Administration of Medication

Students are to take extraordinary precautions to ensure that any medication or equipment is secure and shall never make the medication and/or equipment available to another student. The student shall immediately report to School Administration any theft or loss of the medication and/or equipment brought to the School. Violation of these procedures may subject the student to disciplinary action.

- III. Students are required to practice proper safety precautions for the handling and disposal of the equipment and medications authorized under the DMMP.
- IV. Medication must come in the prescription container as provided by the physician and/or pharmacy.
- V. If a student fails to practice proper safety precautions, the School may withdraw student's authorization to self-monitor blood glucose and/or diabetes medication and develop a plan for administration by a designated staff member.

School Administration of Medication

If a student is not capable of self-monitoring blood glucose and/or self-administering medications, any medication administration services specified in the student's DMMP shall be provided by the School. Two or more staff members shall be identified as designated staff members for the purposes of the administration of diabetic medications including storing, supervising ingestion, and recording. School employees shall not be subject to any penalty or disciplinary action for refusing to serve as a designated staff member. Designated staff members shall receive training by an appropriately licensed health professional as to the implementation of a student's DMMP.

The School, its employees and members of its governing body, are immune from civil liability with respect to actions taken to adopt this Policy and all decisions made and actions taken that are based on good faith compliance with this Policy.

A. ILLNESS POLICY

SECTION III

VI. STUDENT CODE OF CONDUCT

A. CONDUCT

To maintain high standards of achievement, good behavior is imperative. In order to maintain a safe and orderly school environment, we teach and reinforce school-wide rules and routines. We expect students and staff to treat each other with respect so that learning is not impeded. Our school-wide discipline plan is designed to apply rules consistently in each classroom, as appropriate for the various age levels. Students need

to be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules.

***Student Responsibilities**

We believe that all students are capable of behaving appropriately in a variety of learning environments. In addition, we believe that all students are responsible for conduct that supports a positive learning environment for everyone. All students are expected to uphold school rules and respond respectfully to any and all Staff, Guests or Volunteer Authorities. Interventions may be necessary to redirect behaviors that disrupt planned learning opportunities, are unsafe, or create a disturbance in normal routines. It is important that students be responsible for regular attendance, make an effort to participate in learning activities, and properly maintain school property and resources (such as, but not limited to: textbooks, desks, computers, and manipulatives).

B. FOOD DELIVERIES

Students may only pick up delivered lunches during their assigned lunch period. Every student has access to a school-provided lunch and should plan accordingly. Food delivery orders from outside vendors initiated by the student are not permitted. To ensure students have enough time to eat, any lunch being dropped off or delivered must arrive at the start of the lunch period—no extra time will be given.

C. SCHOOLWIDE EXPECTATIONS

Expectation #1

All students will respect and obey the law. Any illegal activity occurring during school hours, within the vicinity of the school (defined as a three mile radius) or while participating in any school activities/functions, will be met with zero tolerance, resulting in immediate suspension or expulsion. These illegal activities include, but are not limited to; possession or use of tobacco or alcohol, activities related in any way to purchase, use, or possession of drugs, gang related activities, possession of weapons or abuse. Behaviors that promote substance abuse, the use of violence, etc. are also prohibited.

Any employee who observes any person in possession of a weapon on school premises shall immediately report the matter to the school Principal. The Principal shall immediately take appropriate safety and disciplinary actions in accordance with school policies and shall immediately report a violation of this policy to a peace officer, pursuant to A.R.S. 15-515, if the weapon is a deadly weapon or the student is a minor in possession of a firearm.

Expectation #2

All students will respect the property of others. Theft, vandalism, or any other mistreatment of property belonging to others, including the school, will result in consequences. These consequences may range from informal conference to expulsion, and may include restitution of stolen and damaged items or police involvement when necessary.

Expectation #3

All students will respect the ideas, beliefs, cultures, and individual differences of others. Students engaging in verbal abuse, intimidation, harassment, discrimination, disrespect of authority, fighting, profanity, obscene behavior, extortion, gang-related activities, or students provoking, instigating, or generating conflict will receive consequences ranging from an informal conference to expulsion based on attitude, severity, and prior history. Gang activity includes but is not limited to inappropriate verbal comments, physical gestures, behavior, and possession of gang paraphernalia or clothing used to promote or advertise gangs. *Any student that displays gang activity/involvement will be immediately suspended and may be recommended for expulsion.* Gang activity or involvement may include flashing of gang signs, inappropriate verbal comments or physical gestures, gang clothing colors or symbols worn on the body or symbols or gang words drawn on books or materials.

Expectation #4

All students will respect the privilege of education. Tardiness, unexcused absences, plagiarism, lying, cheating, dress code violation, public displays of affection, possession of pornography, inappropriate sexual behaviors, depictions of nudity, etc., or any form of academic misconduct will result in consequences ranging from an informal conference to expulsion based on attitude, severity, and prior history.

D. DISCIPLINE PROCEDURE

The classroom Teacher handles most minor disciplinary problems. Minor misbehaviors may include, but are not limited to, such things as eating during class instruction time, chewing gum, talking out of turn, not following directions given by the Teacher, not keeping hands, feet, and personal objects to oneself, disturbing others, violating dress code, frequent tardies, not being prepared for class, not turning in assignments, or not putting forth academic effort.

E. LAW ENFORCEMENT AGENCIES

When Law Enforcement Officers or other Lawful Authorities wish to question or interview a student at school or to take a student into custody, the Principal, or in their absence, another Administrative Level Director, will make every effort to cooperate with the Authorities. The Principal will record the identity of the Law Enforcement Personnel and any documentation presented. Also, the Principal can take precautions by verifying the Law Enforcement Officer's identity, jurisdiction, probable cause, and/or legal grounds for the questioning or arrest. The Principal will make reasonable efforts to contact the student's parent/guardians prior to the questioning or arrest, unless the Law Enforcement Personnel raise what the Principal considers a valid objection. The Principal may also be present during any questioning or interviewing. The Principal will verify the Law Enforcement Personnel's identity and authority to take a student into custody prior to releasing the student. It is understood that the Principal will make decisions in their best judgment, but that they are not trained in legal or law enforcement issues and will not be held responsible for decisions made.

F. BEHAVIOR SYSTEM

All Leading Edge Academy campuses use an Incentive System for Behavior. The Incentive System varies from campus to campus. If any rules are broken during the week, the student will receive a consequence for their actions. Students who model exemplary character will receive incentives for their actions. The goal is to reward students who demonstrate positive character traits as is expected in the school-wide discipline plan.

G. DISCIPLINE PROCEDURES AND CONSEQUENCES

School rules are designed to protect all students. To protect the rights of all students, it is important that parents and students understand the consequences of misbehavior.

The following contains a list of common and/or serious student conduct violations, along with a range of consequences. This list is not meant to be exhaustive. Intended prohibited conduct may subject the student to the same discipline as an actual violation.

The violations and actions listed are meant as guidelines to promote consistency of discipline and are not intended to limit the school's ability to discipline students.

APPENDIX A: Security Camera Policy

For the purpose of maintaining a safe and orderly educational environment, for identifying disciplinary issues, for minimizing theft and vandalism, to safeguard Network buildings, grounds and equipment, to monitor unauthorized individuals in or on school property, and for enforcing School policies and rules, Leading Edge Academy authorizes the use of electronic surveillance cameras in School Network buildings and on its property. Cameras are authorized for use in any area, inside or outside of School buildings where the public, students and Staff have no reasonable expectation of privacy: entrances, hallways, classrooms, commons, gymnasiums, athletic fields, parking lots and the exterior of buildings. Cameras are prohibited in areas such as bathrooms, locker rooms and health rooms.

Other public areas of Network buildings and grounds may be subject to limited term surveillance with the written authorization of the Network Administrator. Such approval will be granted only in situations when the Network Administrator has reason to believe that a safe and orderly educational environment is at risk or to monitor areas where theft and vandalism are believed to be occurring.

Notification

Signs will be posted at all main entrances to Network buildings stating "Surveillance Cameras May Be In Use."

Leading Edge Academy shall notify students and Staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time.

At each School or site where video surveillance is employed, the School Principal or other site Administrator shall inform students, Staff, and parents at the beginning of each school year that video surveillance will occur throughout the school year and explain the purpose for such monitoring practice.

Access and Use

Only individuals authorized by the Director of Schools, in accordance with policy, shall have access to video monitors, or be permitted to operate the controls. The Network Technology Assistant shall be responsible to manage and audit the use and security of monitoring cameras, monitors, hard drive storage, computers used to store images, and all other video records.

Students or Staff identified on security cameras in violation of Leading Edge policies will be subject to disciplinary action. Violations of the law will be referred to Law Enforcement Agencies and the recorded video evidence will be provided to Law Enforcement Agencies.

Video electronic data will be erased normally on a weekly basis. Video electronic data that contains personal information used to make a decision directly affecting an individual, however, may be retained for a longer period of time as needed.

Other Video Recordings:

A video recording of actions by students or Staff may be used by Leading Edge Administration as evidence in any disciplinary action brought against students or Staff arising out of the student's or Staff member's conduct in or about Leading Edge property.

APPENDIX B: Family Educational Rights & Privacy Act (FERPA)

Family Educational Rights & Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School Officials with legitimate educational interest;
 - Other schools to which a student is transferring;
 - Specified Officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate Officials in cases of health and safety emergencies; and
 - State and Local Authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

Harassment: Harassment is behavior by an individual or group that consists of systematic and/or continued unwanted and annoying actions, including threats and demands. Harassing conduct may take many forms, including verbal acts and name-calling (e.g., bullying); graphic and written statements, which may include use of cell phones, social-media or the Internet (e.g., cyberbullying); or other conduct that may be physically threatening, harmful, or humiliating.

Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents.

Cyberbullying: Cyberbullying is, but not limited to, any act of bullying committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking and other Internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual's personal electronic media and equipment. Cyberbullying may also be in violation of Title VI of the Civil Rights Act of 1964 (Title VI), which prohibits discrimination on the basis of race, color or national origin; Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex; Section 504 of the Rehabilitation Act of 1973, and its implementing regulations, and Title II of the Americans with Disabilities Act of 1990 and its implementing regulations.

Intimidation: Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media.

B. "School Premises" means any building, structure, athletic field, sports stadium or other real property owned, operated, leased or rented by LEAD Charter Schools.

C. "School-Sponsored Functions or Activities" means a field trip, sporting event, or any other function or activity that is officially sponsored by LEAD Charter Schools or one of its school sites.

D. "School-Sponsored Transportation" means a motor vehicle owned, operated, leased, rented or subcontracted by LEAD Charter Schools or one of its school sites.

III. PROHIBITION

Students are prohibited from engaging in behaviors that would constitute bullying and/or harassment on school grounds, school property, school buses, at school bus stops, at school sponsored events and activities, when traveling to/from school and through the use of electronic technology or electronic communication equipment on school computers, networks, forums, or mailing lists.

Disciplinary action may result for bullying and/or harassment which occurs outside of the school and the school day when such bullying and/or harassment results in a substantial physical, mental, or emotional negative effect on the victim while on school grounds, school property, school buses, at school bus stops, or at school sponsored events and activities, or when such act(s) interfere with the authority of the school system to maintain order. All suspected violations of law will be reported to local law enforcement.

IV. REPORTING

1. Any student who believes he or she has been or is currently the victim of bullying should immediately report the situation to the school Principal. The student may also report concerns to a Teacher or Counselor who will be responsible for notifying the appropriate school Administrator. Every student is encouraged, and every staff member is required, to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above.

2. All complaints about bullying behavior that may violate this policy shall be promptly investigated. If the investigation finds an instance of bullying behavior has occurred, it will result in prompt and appropriate disciplinary action. This may include up to expulsion. Individuals may also be referred to Law Enforcement Officials. Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

V. INTERPRETATION

This policy shall not be interpreted to infringe upon the First Amendment rights of students, and is not intended to prohibit expression of religious, philosophical, or political views, provided that such expression does not cause an actual, material disruption of the work of the school.

APPENDIX D: Lead Charter Schools Interrogations and Searches Policy

Searches

The Administration has the right to search and seize property, including school property temporarily assigned to students, when there is a reasonable suspicion that the student has some item or material detrimental to the health, safety, or welfare of the student or other students, such as drugs or a weapon on school grounds or at school functions. The Administration may call in Law Enforcement Authorities to conduct the search at their discretion.

The student has no expectation of privacy in items provided by school for storage, such as desks, storage areas, etc. These items may be inspected at any time with or without reason, with or without notice, by school personnel.

Interrogations

School Officials may question students without reservation regarding matters that are important to the school. A parent/guardian will be contacted if the student is subject to discipline for a serious offense.

If a Child Protective Services Worker or Law Enforcement Officer wishes to speak to a student regarding an investigation of alleged child abuse by a parent or if the parent or guardian is suspected of some other type of crime and the student has information as a witness, parental notification is not permitted.

School Officials shall cooperate with the investigating Officer or Child Protective Services Worker. If a student is taken into protective custody, the above officers shall be requested to show proper identification and sign a "Form of Interviewing Officer." Six (6) hours after the student has been taken by the Officer or Worker, school personnel may respond to questions from the student's parent or notify the parent, if necessary.

Unless the student is being questioned regarding abuse or criminal activity of a parent, the school shall notify a parent prior to the interrogation, and ask the parent if the Officer may question the child. If the parent consents to the interrogation, the parent will be asked to be present at the school for the questioning or to authorize the interrogation in their absence. If the parent cannot be reached or refuses authorization, the Peace Officer will be requested to contact the parent to make other arrangements.

If a Law Enforcement Officer is present on campus, at the request of the school, to interview students due to concerns for safety of the students, parent contact will only be made if a student is taken into custody or following the decision that the student may be subject to discipline for a serious offense.

If a Peace Officer is present at the school with a warrant or subpoena, the Officer will be asked to complete and sign a "Form for Signature of Arresting Officer." School personnel shall make every reasonable effort to make sure personnel of the school cooperate fully with the police. When the arrest is formally made, the school and its employees no longer exercise jurisdiction over the student, and the school may respond to inquiries from the parents as to the location of the student.

APPENDIX E: Lead Charter Schools Notification Statements

CHILD FIND

The intent of Child Find is that all children from birth through age 21 with delays or disabilities are identified, located, and evaluated to receive the supports and services they need.

Identification/screening procedures shall be completed within 45 calendar days after enrollment for each kindergarten student and new students enrolling without appropriate screening records. The screening helps “identify” any areas of concern that need to be evaluated further. In order to receive early intervention or special education services, a child must be evaluated to confirm they have a delay or disability that falls under state definitions.

If needed, the student is evaluated using state criteria for specific delays or disabilities. If eligible, Leading Edge Academy will offer early intervention or special education services according to the student’s needs.

- Special education services for school-age children in kindergarten through the age of 21 provide specialized instruction and services to assist children in the education environment.

STUDENTS WITH DISABILITIES COVERED BY SECTION 504

Section 504 of the Rehabilitation Act is a civil rights statute that prohibits discrimination against disabled persons in any of the Network’s programs or activities. A student is protected by Section 504 if they have or has had a physical or mental impairment, which substantially limits a major life activity or is regarded as disabled by others.

Leading Edge Academy will determine eligibility and provide appropriate accommodations and services to students who are covered by Section 504. The school will also ensure that no student with a disability is excluded from participation in, or be denied the benefits of services, programs or activities of the school due to the disability that qualified the student for protection under Section 504.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA)

The Individuals with Disabilities Education Act (IDEA) is a federal law that protects the rights of students with disabilities. In addition to standard school records for children with disabilities, education records could include evaluation and testing materials, medical and health information, Individualized Education Programs and related notices and consents, progress reports, materials related to disciplinary actions, and mediation agreements. Such information is gathered from a number of sources, including the student’s parents and Staff of the school. Also, with parental permission, information may be gathered from additional pertinent sources, such as doctors and other health care providers. This information is collected to assure the child is identified, evaluated, and provided a Free Appropriate Public Education in accordance with state and federal special education laws.

PROHIBITED HARASSMENT

Any person who believes he/she has been the subject of or it's a witness to discrimination or harassment shall immediately notify any teacher, office personnel, or the school Principal. Complaints that cannot be reported immediately must be reported within thirty (30) calendar days. The school employee receiving the report or complaint, or who personally witness discrimination or harassment, shall immediately inform the school Principal of the report or complaint and complete a Statement of Facts form.

Leading Edge Academy takes very seriously any sexual harassment. Sexual harassment is a form of discrimination in educational opportunities on the basis of sex. It is prohibited by Title VII of the federal Civil Rights Act of 1964, by Title IX of the Education Amendments of 1972, by the Arizona Civil Rights Act and by school policy.

Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. This includes employee-to-student actions, student-to-employee actions, and student-to-student actions. If you feel you have been sexually harassed or you know someone who has been sexually harassed, you should report it immediately to the Administration. The Administration will take immediate steps to investigate complaints and to take appropriate remedial action. Sexual harassment by students will not be tolerated and will result in disciplinary action.

NON-DISCRIMINATION

Leading Edge Academy does not discriminate on the basis of race, color, national origin, sexual orientation, gender identity, religion, age, or disability. Leading Edge Academy provides a nondiscriminatory learning and work environment ensuring that all students and staff are free from unlawful discrimination. A lack of English language skills will not be a barrier to admission and participation in the education programs of the school. This commitment extends to all school programs and school sponsored events.

In the event a student experiences discrimination, the student should report the incident to the school Principal within ten (10) school days. The inability of a student to speak English should not prevent the student from reporting a violation. Every reasonable measure to interpret a non-English speaker's concerns will be taken. The school Principal will investigate the incident personally or designate another school employee to conduct the investigation at the Principal's discretion. The alleged victim or witness will be required to complete a Statement of Facts form, or if a Statement of Facts form is not available, set forth in another written form all information relevant to the complaint including a description of the conduct alleged (i.e. specific words, statements, or actions), names of perpetrator and victim, places, times, and other witnesses. The Principal shall contact an outside agency (i.e. Department of Child Safety or law enforcement) as required by statute or when otherwise deemed appropriate by the Principal.

PROHIBITED TOBACCO USE ON SCHOOL PREMISES & AT ANY SCHOOL-SPONSORED FUNCTION

If students are found to be in possession of, or using tobacco in any form while on school premises, during school hours (including off-campus lunch), or at any school-sponsored function, they have violated the no-tobacco policy and are subject to disciplinary action. Minimal disciplinary actions may include parental notification and/or a police citation with a fine. Maximum disciplinary action(s) are dictated by the age of the student and the circumstances and/or number of violations. The maximum actions may include suspension.

IMPORTANT NOTICE TO PARENTS CONCERNING STUDENT INJURIES

Even with the greatest precautions and the closest supervision, accidents can and do happen at school. They are a fact of life and a part of the growing-up process our children go through. Parents need to be aware of this and be prepared for possible medical expenses that may arise should their child be injured at school. The Network does not provide medical insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal guardians. The Network carries only legal liability insurance.

MANDATORY REPORTING OF CRIMINAL ACTIVITY TO LAW ENFORCEMENT

Any school personnel or any other person who has responsibility for the care or treatment of a minor and who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted upon the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under A.R.S. 36-2281 shall immediately report or cause reports to be made of such information to a peace officer or to the Department of Child Services (DCS) of the Department of Economic Security, except if the report concerns a person who does not have care, custody, or control of the minor, the report shall be made to a peace officer only. Such reports shall be made immediately either electronically or by telephone.

- A report is not required under A.R.S. 13-3620 for conduct prescribed by A.R.S. 13-1404 and 13-1405 if the conduct involves only minors who are fourteen (14), fifteen (15), sixteen (16) or seventeen (17) years of age and there is nothing to indicate that the conduct is other than consensual.
- A report is not required if a minor is of elementary school age, the physical injury occurs accidentally in the course of typical playground activity during a school day, occurs on the premises of the school that the minor attends and is reported to the legal parent or guardian of the minor and the school maintains a written record of the incident. The school will maintain a written record of the physical injury as part of the student's health file as required by Arizona State Library, Archives and Public Records (ASLAPR).

DUE PROCESS

Students at Leading Edge Academy have rights. In disciplinary cases, each student is entitled to due process. This means students shall be informed of accusations against them and will have an opportunity to present an alternative factual position if the accusations are denied. If a student fails to fulfill their responsibilities regarding conduct, disciplinary action will follow. In disciplinary cases, a student is entitled to due process.

For student and/or parent concerns, complaints and grievances, parents and students are encouraged to schedule a conference with the Teacher or Administrator to express concerns directly.

SEARCHES OF STUDENT PROPERTY

A student or their possessions, including lockers, backpacks, and/or vehicles on school property may be searched if there is a reasonable suspicion that they are in possession of illegal, dangerous, or inappropriate items or substances. A student's refusal to cooperate with a search may result in suspension, expulsion, or law enforcement involvement.

TEACHER RESUMES

Teacher resumes are on file in the school office for review at each campus.

ABUSE OF A TEACHER

A person who knowingly insults or abuses a Teacher on school grounds or while the Teacher is performing their duties is guilty of a misdemeanor which is punishable by a fine and/or imprisonment.

LAW ENFORCEMENT AGENCIES

When Law Enforcement Officers or other lawful authorities wish to question or interview a student at school or to take a student into custody, the Principal, or an Executive Level Director, will make every effort to cooperate with the authorities. The Principal will record the identity of the Law Enforcement Personnel and any documentation presented. The Principal will take precautions by verifying the Law Enforcement Officer's identity, jurisdiction, probable cause, and/or legal grounds for the questioning or arrest. The Principal will make reasonable efforts to contact the student's parent/guardian prior to the questioning or arrest, unless the Law Enforcement Personnel raises what the Principal considers a valid objection. The Principal may also be present during any questioning or interviewing, unless the Law Enforcement Personnel raises what the Principal considers a valid objection. The Principal will verify the Law Enforcement's authority to take a student into custody prior to releasing the student. It is understood that the Principal will make decisions in their best judgment, but that they are not trained in legal or law enforcement issues and will not be held responsible for decisions made.

APPENDIX G: Lead Charter Schools Service Animals Policy

Service animal means any dog or miniature horse that is individually trained to do work or perform tasks for the benefit of an individual with a documented medically diagnosed disability, including a physical, sensory, psychiatric, intellectual or other mental disability. Service animal does not include other species of animals, whether wild or domestic or trained or untrained.

Leading Edge Academy does not discriminate against individuals with disabilities who use service animals if the work or tasks performed by the service animal are directly related to the individual's disability. Work or tasks include assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing nonviolent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities and helping individuals with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort or companionship do not constitute work or tasks.

Individuals with disabilities shall be permitted to be accompanied by their service animal in all areas of the School's facilities where members of the public, participants in services, programs or activities, or invitees are allowed to go. A service animal may be excluded from the School if one or more of the following apply:

- The animal poses a direct threat to the health or safety of others.
- The animal fundamentally alters the nature of the School, services or activities provided.
- The animal poses an undue burden.

A service animal shall be under the control of its handler. A service animal shall have a harness, leash, or other tether, unless either the handler is unable because of a disability to use a harness, leash or other tether or use of the harness, leash or other tether would interfere with the service animals' safe, effective performance of work or tasks, in which case the service animal must be under the handler's control.

The School shall not be responsible for the training, feeding, or grooming. The School must approve any person who is authorized by the owner to assist in care and supervision of the service animal while on school property.

A request for an individual with a disability to be accompanied by a service animal must be submitted to the Principal at least three (3) days prior to bringing the service animal to school or to a school function. Forms are available by contacting the School Office.

Service dog requests must provide proof of the following vaccinations: DHLPPC (distemper, hepatitis, leptospirosis, parainfluenza, parvovirus, and coronavirus) bordatella, rabies. Miniature horse requests must provide proof of the following vaccinations: Equine Infectious Anemia (Coggins Test), rabies, tetanus, encephalomyelitis, rhinoneumonitis, influenza, and strangles.

All service animals must be: spayed or neutered; treated for and kept free of fleas and ticks; and kept groomed to avoid shedding and dander. Owners of the service animal are liable for any harm or injury caused by the animal to students, staff, visitors, and/or property.

APPENDIX H: Lead Charter Schools Restraint and Seclusion Policy

This Policy addresses the behavior management techniques to be used with students attending Leading Edge Academy. Behavior management techniques such as restrain, seclusion, temporary removal from the classroom and confinement shall be utilized in accordance with the following standards:

Temporary Removal

Teachers are authorized to temporarily remove a student from a class. A teacher may temporarily remove a student and send them to the Principal, or to another administrator, as long as the removal is done in accordance with:

- The rules established for the referral of students, as outlined in the School's behavior management and expectations Policy; or
- The conditions of A.R.S. § 15-841, when applicable.

Confinement

Under A.R.S. § 15-843, the Principal shall ensure that disciplinary practices involving the confinement of students left alone in an enclosed space shall include the following:

- Prior written parental notification that confinement may be used for disciplinary purposes is included in the student's enrollment packet or admission form.
- Written parental consent has been obtained before confinement is allowed for any student in the School.
- An exemption to prior written parental consent exists if a school principal or teacher determines that the student poses imminent physical harm to self or others. In this instance, the school principal or teacher shall make reasonable attempts to notify the student's parent or guardian in writing by the end of the same day that confinement was used.

Restraint and Seclusion

The use of restraint or seclusion is not to be limited, by policy or practice, to students with disabilities. Restraint and Seclusion are defined in A.R.S. § 15-105 as follows:

"Restraint" means any method or device that immobilizes or reduces the ability of a student to move the student's torso, arms, legs or head freely, including physical force or mechanical devices. The following are *not* considered to be a restraint:

- a) Methods or devices implemented by trained school personnel or used by a student for the specific and approved therapeutic or safety purposes for which the method or device is designed and, if applicable, prescribed.
- b) The temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student to comply with a reasonable request or to go to a safe location.
- c) The brief holding of a student by one adult for the purpose of calming or comforting the student.
- d) Physical force used to take a weapon away from a student or to separate and remove a student from another person when the student is engaged in a physical assault on another person.

"Seclusion" means the involuntary confinement of a student alone in a room from which egress is prevented. Seclusion does not include the use of a voluntary behavior management technique, including a timeout location, as part of a student's education plan, individual safety plan, behavioral plan or individualized education program that involves the student's separation from a larger group for purposes of calming.

Restraint or seclusion techniques may be used on any student if both of the following apply:

1. The student's behavior presents an imminent danger of bodily harm to the student or others; and
2. Less restrictive interventions appear insufficient to mitigate the imminent danger of bodily harm.

If a restraint or seclusion technique is used on a student:

- The use of restraint or seclusion is to be used only in an emergency to protect persons from imminent, serious physical harm to self or others.

- The restraint or seclusion technique shall be used only by school personnel who are trained in the safe and effective use of restraint and seclusion techniques unless an emergency situation does not allow sufficient time to summon trained personnel.
- School personnel shall maintain continuous visual observation and monitoring of the student while the restraint or seclusion technique is in use. If seclusion is utilized, school staff must reassess the child every thirty (30) minutes and if the need for seclusion extends beyond one hour, an administrator's approval is required for continued seclusion.
- Any area used for seclusion must be free of objects that could cause harm, must provide for adequate visual and audio supervision of the student, must provide adequate lighting and ventilation, and must not be locked.
- The restraint or seclusion technique shall end when the student's behavior no longer presents an imminent danger to the student or others.
- The restraint technique employed may not impede the student's ability to breathe.
- The restraint technique may not be out of proportion to the student's age or physical condition.
- A debriefing with affected staff and parents and, if appropriate, the student must be conducted within forty-eight (48) hours. During the debriefing a determination should be made regarding the need for a functional behavioral assessment (FBA).
- A student who has required crisis management on the part of the school staff more than three (3) times in a semester must have a functional behavioral assessment (FBA) and, if appropriate, a behavior intervention plan (BIP) developed within a reasonable time following the third (3rd) restraint or seclusion incident.

Leading Edge Academy requires the following procedures to be adhered to when a restraint or seclusion technique has been used on a student:

1. School personnel shall provide the student's parent or guardian with written or verbal notice on the same day that the incident occurred, unless circumstances prevent same-day notification. If the notice is not provided on the same day of the incident, notice shall be given within twenty-four hours after the incident.
2. Within a reasonable time following the incident, school personnel shall provide the student's parent or guardian with written documentation that includes information about any persons, locations or activities that may have triggered the behavior, if known, and specific information about the behavior and its precursors, the type of restraint or seclusion technique used and the duration of its use.
3. Schools shall review strategies used to address a student's dangerous behavior if there has been repeated use of restraint or seclusion techniques for the student during a school year. The review shall include a review of the incidents in which restraint or seclusion technique were used and an analysis of how future incidents may be avoided, including whether the student requires a functional behavioral assessment.
4. If the need to contact and request support from law enforcement instead of using a restraint or seclusion technique on a student is determined necessary, the school shall comply with the reporting, documentation and review procedures established under the paragraphs above.

Corporal Punishment

For the purposes of this Policy, corporal punishment is defined as the deliberate infliction of pain intended to discipline or reform a person's bad attitude and/or behavior. Leading Edge Academy prohibits the use of corporal punishment.

APPENDIX I: Visitor's Policy

All visitors must check in at the school office and wear a visitor's badge while on campus. Upon entering a school building, visitors will be asked to present a government issued ID such as a Driver's License, which can be scanned into our Raptor Security System. The Raptor system checks visitor's name and date of birth for comparison with a national database of registered sex offenders. No other data from the ID is gathered or recorded and the information is not shared with any outside agency. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of their visit. A visitor's badge will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork. It will only be needed for someone who is planning on entering through the office doors during school hours.

In accordance with A.R.S. 15-184(J), parents or legal guardians of enrolled students or who are interested in enrolling their student(s) may request to visit, tour, or observe classrooms. If a parent wishes to request a visit, tour, or observation of classroom whether in-person or online, they are subject to the following requirements:

- All requests must be received by the school at least 24 hours in advance of the proposed visit, provided that the school, in its sole discretion, may waive the 24-hour advance notice requirement on a case-by-case basis.
- Visit requests will be promptly reviewed by School Administration, with input from the classroom teacher(s).
- Visit requests will be approved unless they threaten to interfere with the physical, intellectual, social, or emotional health and/or safety of students and staff.

Health and Safety Parameters: For purpose of this policy, the following requests threaten to interfere with the physical, intellectual, social, or emotional health and/or safety of students and staff, and are therefore not allowed:

- Requests for visits during state testing, other testing periods, or at other times that would clearly interfere with educational instruction or disrupt the educational environment.
- Requests for campus visits by parents who have demonstrated failure to abide by our Visitor Behavioral Expectations (set forth below), or who have otherwise failed to abide by our visitor policies of the school.
- Requests that, for other reasons, threaten to interfere with the physical, intellectual, social, or emotional health and/or safety of students and staff.

Student Guests: Students may not bring guests to school without prior approval by the Administration. Unauthorized visits from student and non-student guests are prohibited and may result in arrest. All student guests are subject to the same policies and behavior expectations listed within this policy.

Visitor Behavioral Expectations:

All visitors are required to behave as a person of character including a manner that is respectful and conducive to our active learning environment. Visitors may not interfere with instruction or distract from the instructional environment. Any behavior from a visitor that is deemed by administration as harassment, bullying, or verbal or physical abuse of staff and students, or that otherwise disrupts the educational environment is expressly prohibited. Violations of behavioral expectations may result in the calling of authorities, issuing a trespassing citation, limiting future interactions and/or communications with staff, prohibited from future campus visits during both school and non-school hours or virtually, or other consequences under applicable law or policy.

APPENDIX J: Naloxone Policy

I. PURPOSE

The purpose of this policy is to establish guidelines and procedures for the emergency administration and use of the opioid antagonist naloxone administered by schools of the **Leading Edge Academy Charter Network** for the purpose of emergency opioid overdose reversal as allowed by A.R.S. § 15-341(A)(43). Schools in the Leading Edge Academy Charter Network include all schools under the following charter contracts: LEAD Charter Schools, Leading Edge Academy Maricopa, and Leading Edge Academy Queen Creek.

II. POLICY

In accordance with Ariz. Rev. Stat. § 15-341(A)(43) and Ariz. Rev. Stat. § 36-2267 and Ariz. Admin. Code Rule R 9-4-602, it is the policy of all schools in the Leading Edge Academy Network that all elementary schools, junior high schools, and high schools will provide and maintain on-site opioid antagonists in the form of intranasal naloxone 4 mg. Procurement of naloxone is the responsibility of the charter holder or other delegate specified by school procedures.

1. Staff Training Requirements:

- All school site personnel should receive annual training on recognizing signs of opioid overdose and proper naloxone administration techniques.
- Training will also cover emergency follow-up procedures, including the requirement to summon emergency services immediately before or after administering naloxone.
- School policies and procedures will be provided annually and be accessible year-round on the school specific drive.

2. Procurement of Naloxone

Nasally administered naloxone hydrochloride that is needed for a school to comply with ARS § 15-341(A)(43) may be acquired using the following methods:

- Donations from an approved source such as the Arizona Department of Education, the state or county Department of Health, a pharmaceutical company, or other authorized distributor
- Over-the-counter purchase
- Purchase from an approved pharmaceutical distributor

3. Storage and Accessibility:

- Naloxone will be stored in a secure, easily accessible, unlocked location known to school-site personnel.
- Naloxone kits should have 1 pair of nitrile gloves and step-by-step delivery instructions.
- A system will be maintained at each campus to regularly check the expiration dates and condition of naloxone kits to ensure readiness and documentation stored on the school drive.
- Naloxone must be discarded prior to its expiration date.

4. Administration Protocol:

- Any school staff member may be allowed to administer naloxone in the event of an emergency.
- All school staff are required to follow established procedures for administering naloxone, including assessing the individual's condition, administering the medication, and monitoring the individual until emergency medical services arrive as established in the naloxone training.

The following procedures should be followed to administer naloxone:

- ❖ Remove the nasal spray from the box. Peel back the tab with the circle to open it.
- ❖ Do not prime or test the nasal spray. It contains a single dose of naloxone and cannot be reused.
- ❖ Hold the nasal spray with the thumb on the bottom of the plunger and the first and middle fingers on either side of the nozzle.
- ❖ Lay the patient on their back. Support the patient's neck with the responder's hand and allow the head to tilt back before giving this medicine.
- ❖ Gently insert the tip of the nozzle into one nostril of the patient, until fingers on either side of the nozzle are against the bottom of the patient's nose.
- ❖ Press the plunger firmly to give the dose. Remove the nasal spray from the patient's nostril after giving the dose.
- ❖ Move the patient to their side (recovery position) after giving the medicine
- ❖ Any administration procedures that are provided directly from the naloxone provider may supersede the above mentioned procedures and will be provided with the naloxone kit.

5. Documentation and Reporting:

- Each school will maintain records of naloxone administration incidents, including the date, time, individuals involved, and any follow-up actions taken on the Naloxone Administration Reporting Form.

- Report incidents to appropriate health authorities as required by state regulations.

6. **Liability and Immunity:**

- Staff members administering naloxone in good faith are immune from civil liability, as per Arizona state law A.R.S. § 36-2271(D).
- Immunity does not extend to cases involving gross negligence or intentional misconduct.
- Student found to have naloxone on their person and students who administer naloxone shall not be penalized by school personnel.

APPENDIX K: Suspension or Expulsion of K-4 Students

The following procedures are adopted to comply with A.R.S. § 15-843(K)-(L), which imposes limitations and requirements on the use of suspensions and expulsions in addressing misconduct by students in grades K-4.

In the event of a conflict between this policy and the School's normal discipline policies, this policy will take precedence in addressing suspension or expulsion of K-4 students.

- I. **Bypass Exceptions:** The limitations on suspension and expulsion under this policy may be bypassed and are not applicable if:
 - a. *General Exception*--The contemplated suspension is two days or less AND the total number of suspension days does not exceed ten days in the current school year.

OR

b. *Firearms Exception*--The student brings a firearm to school, per A.R.S. § 15-841(G).

- II. ***Students Under Seven:*** Absent a Bypass Exception, students under seven years old may not be suspended or expelled; alternative disciplinary interventions must be utilized.
- III. ***Grounds for Suspension/Expulsion:*** Absent a Bypass Exception, students who are at least seven years of age but who have not yet reached fifth grade will only be subject to suspension or expulsion if the misconduct occurs on school grounds and involves:
1. "Aggravating circumstances," as defined below; OR
 2. One of the following offenses, AND failing to remove the student from the school building would create a safety threat that cannot otherwise be reasonably addressed:
 - a. Possession of dangerous weapon.
 - b. Possession, use, sale of dangerous drug or narcotic drug, as defined in A.R.S. § 13-3401 or a violation of A.R.S. § 13-3411.
 - c. Behavior that immediately endangers the health/safety of others.
- IV. ***Pre-suspension/Expulsion Procedures:*** Prior to imposing a suspension or expulsion under this policy, the school will do the following unless doing so is not feasible while maintaining health and safety of others:
- Consider and, if feasible, employ alternative behavioral and disciplinary interventions ("ABDI");
 - Consult with parent regarding ABDI, to the extent possible; and
 - Document ABDI considered and employed.
- V. ***"Aggravating Circumstances":*** By adoption of this policy, the school's governing body determines that aggravating circumstances exist when the misconduct meets all of the requirements set forth in a-d below—*i.e.*, the misconduct:
- a. Is persistent;
 - b. Has been documented;
 - c. Prevents other students from learning OR prevents the teacher from maintaining control of the classroom; and
 - d. Is unresponsive to targeted interventions that include consultation with:
 - i. A school counselor, school psychologist, other mental health professional, or social worker if available, or through a state-sponsored program.
 - ii. If none of the foregoing are available, the targeted interventions must include consultation with the school principal or another school administrator.

If the misconduct meets the definition of "aggravating circumstances" set forth above, the school will not suspend or expel the student unless the following additional prerequisites are also present:

- e. Parent has been notified and consulted about the ongoing behavior, and
- f. In the case of long-term suspension (more than 10 school days) or expulsion, the school has provided a disability screening indicating that the behavior is not the result of a disability or suspected disability.

- VI. **Application for Readmission:** Following a long-term suspension or expulsion, a parent may apply for student's readmission: (a) after a student has served at least five school days of the long-term suspension, or (b) twenty school days after effective the date of an expulsion.

Applications for readmission must be submitted in writing to the Principal, who may grant or deny the application at his/her discretion. Applications will be considered on a case-by-case basis. The Principal's decision on an application for readmission is final.

APPENDIX L: School Safety

The purpose of this school safety policy is to generally set forth the principles by which the School responds to threats against the School and its students, employees, and volunteers. Given the sensitivity of the subject matter contemplated by this policy, this is intentionally a non-exhaustive consideration of the School's safety protocols; therefore, this policy supplements but does not replace any other safety protocols or applicable state or federal laws governing the School's obligations to maintain a safe learning environment.

Reporting of Suspected Criminal Conduct. In order to comply with A.R.S. § 15-153, the School's Principal or their designee, will report to local law enforcement any suspected crime against a person or property that (i) is a Serious Offense or involves a Deadly Weapon or Dangerous Instrument or Serious Physical Injury; or (ii) any conduct that poses a threat of death or Serious Physical Injury to a School employee, student, or other person on the School's property (collectively, "Suspected Criminal Conduct"). All capitalized terms in this paragraph have the meaning set forth in Arizona law.

In accordance with applicable state and federal law, including FERPA, the School's Principal or their designee, will notify the parent or guardian of each student who is involved in Suspected Criminal Conduct. School employees are expected to report and document any Suspected Criminal Conduct by immediately notifying any member of the School administration of the incident and promptly preparing a written report of the incident and providing the report to a member of the School Administration. The School may, in its discretion, discipline any School employee who the School believes failed to properly report and document Suspected Criminal Conduct, and the School will maintain a record of such disciplinary action. In accordance with applicable law, the School will, upon reasonable request, make such a disciplinary record available to a public school considering hiring that employee.

Parental Notification of Threatening or Intimidating Behavior or Harassment. In accordance with A.R.S. § 15-186.01, if the School determines a student has been harassed, threatened, or intimidated on School grounds or in a manner that substantially disrupts the School's learning environment, the School's Principal or their designee, will notify the parent or guardian of that affected student. Threatening or intimidating behavior and harassment have the meanings set forth in A.R.S. § 15-186.01.

Prohibition on Threatening or Intimidating Behavior, Discrimination, Harassment and Bullying. Students may not engage in threatening or intimidating behavior, discrimination, bullying, or harassment of any kind, including sex discrimination that is prohibited under Title IX. The School has a zero-tolerance policy regarding these behaviors. Students engaging in such behavior will be subject to

disciplinary action, and potential sex discrimination and/or sexual harassment will be subject to the provisions of the School's Title IX Policy.

Prohibition on Hazing. Students may not engage in hazing, as defined in A.R.S. § 15-2301, or solicit other students to engage in hazing. Aiding and abetting another person who is engaged in hazing is also prohibited. All students, teachers and staff must take reasonable measures within the scope of their authority to prevent hazing and violations of this policy. Students engaging in prohibited hazing behavior will be subject to disciplinary action. In such disciplinary proceedings, a student may not rely on the defense that the victim consented to or acquiesced in the prohibited hazing behavior.

Parent Behavioral Expectations. During all interactions with School staff, including while parents are on campus or at School-sponsored events, parents are expected and required to comport themselves at all times with appropriate decorum and in a manner that is respectful and conducive to an environment in which the educational objectives of the School can be effectively administered. Consistent with this expectation, any parental behavior that constitutes harassment, bullying, or verbal or physical abuse of staff or students, or that otherwise disrupts the educational environment is expressly prohibited. These behavioral expectations apply to any communications with School staff in any manner, including in person, via email, via telephone, via social media, or any other means of communication.

Parents who disregard these behavioral expectations will be subject to consequences to limit the impact of their interference with the educational environment, including potential limitations and/or prohibitions on further communications with School staff, limitations on future campus visits or attendance at School-sponsored events, and other appropriate consequences as may be determined by the School.

APPENDIX M: Title IX Policy

SEXUAL DISCRIMINATION POLICY AND SEXUAL HARASSMENT GRIEVANCE PROCEDURES

Title IX of the Education Amendments of 1972 and the Title IX regulations prohibit discrimination on the basis of sex, including gender-based and sexual harassment discrimination, in the School's educational programs and activities, including employment. The School is committed to maintaining an educational and working environment free from sex discrimination and harassment and encourages any student or employee who believes they have been subjected to discrimination on the basis of sex, whether by students or by School employees, to utilize this procedure.

1. Title IX Coordinator. The School's designated and authorized Title IX Coordinator can be reached as follows:

Mary Ellen Lee, Director of Development
633 E. Ray Rd. Suite 132
Gilbert, AZ 85296
(480) 633-0414
titleix@leadingedgeacademy.com

The Title IX Coordinator is designated and authorized to coordinate the School's compliance with Title IX.

2. Notification. The contact information for the Title IX Coordinator and the School's nondiscrimination notice (indicated above) will be prominently posted on the School's website and in any student or employee handbooks. Any documents used to train the Title IX Coordinator, School employees or others who may be involved in the Title IX grievance process will be posted on the School's website.

In addition, the School will notify students, parents or guardians of students, employees, applicants for admission and employment, and professional organizations that have an agreement with the School of this Policy and the grievance procedures included in this Policy, including how to report sexual harassment and how the School will respond to such reports. The required notification may be accomplished in any way that the School deems appropriate and effective.

3. Reports of Sex Discrimination. Any person may report sex discrimination, including sexual harassment, regardless of whether the person is the alleged victim of the conduct, in person, by mail, by telephone or by email to the Title IX Coordinator at any time. Complaints of sex discrimination that is not sexual harassment will be handled pursuant to the School's regular procedures for resolving student or employee grievances promptly and equitably. Complaints of sexual harassment will be handled using the grievance procedures set forth below.

4. Definition of "Sexual Harassment" and Other Terms. For purposes of this policy, "sexual harassment" is any one or more of the following:

- Conduct of a School employee that expressly or impliedly conditions the provision of an aid, benefit or service of the School on an individual's participation in unwelcome sexual conduct.
- Conduct that a reasonable person would deem to be unwelcome and that is so severe, pervasive and objectively offensive that it effectively denies a student equal access to the School's educational programs or activities.
- Conduct that constitutes sexual assault, dating violence, domestic violence or stalking under the Clery Act, 20 U.S.C. § 1092(F)(6)(A)(v), or the Violence Against Women Act of 1994, 34 U.S.C. § 12291(a)(10).

The School's "educational programs or activities" include events and circumstances where the School exercises substantial control over the individual engaging in the alleged harassing behavior and the context in which the alleged harassment occurs, but applies only those educational programs or activities that occur within the United States. All other terms relevant to a Title IX complaint shall be construed in accordance with the current Title IX regulations and any relevant case law.

5. Formal Complaints of Sexual Harassment. Any person, including a person who is alleged to be the victim of sexual harassment (a "Complainant") may report sexual harassment, in person, by mail, by telephone or by email to the Title IX Coordinator at any time. The report must include the nature of alleged violation; names of persons responsible for the alleged violation (when known) (a "Respondent"), and any other relevant background information. A Complainant (or their parent/guardian) or the Title IX Coordinator, but not a third-party reporter, may sign a formal complaint. The Complainant and the Respondent are the parties to any formal complaint, even if it is signed by the Title IX Coordinator. At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in the School's educational program or a School activity.

6. Actual Knowledge Reports of Sexual Harassment. The School will also respond to alleged sexual harassment whenever any School employee has actual knowledge of potential sexual harassment or allegations of sexual harassment. Employees must report such knowledge immediately to the Title IX Coordinator.

7. Initial Contact with Complainant. Upon receiving notification of alleged sexual harassment, whether through a report, a formal complaint or an actual knowledge report from a School employee, the Title IX Coordinator shall promptly and confidentially contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain the process for filing a formal complaint, if applicable.

8. Supportive Measures. The Title IX Coordinator shall offer supportive measures to both the Complainant and alleged Respondent, either before or after the filing of a formal complaint or following a report where no complaint has been filed. The supportive measures are non-disciplinary, non-punitive, individualized services and shall be designed to restore or preserve equal access to the School's educational program and activities, without unreasonably burdening the other party, and shall be offered without charge. Supportive measures may include counseling, class modifications or class schedule changes, and/or increased monitoring and supervision, as deemed appropriate by the Title IX Coordinator.

9. Emergency Removal/Administrative Leave. The School may remove a student who is a Respondent from the School's educational program or activity on an emergency basis, provided that removal is necessary to protect the student or another individual from an immediate threat to physical health or safety. If a student has an IEP or a Section 504 Plan, the decision to remove the student on an emergency basis must be coordinated with the School's special education staff and in compliance with relevant IDEA or Section 504 requirements.

The School may place an employee who is a Respondent on administrative leave while allegations are investigated and resolved in accordance with this Policy.

10. General Principles Governing Grievance Process for Responding to Formal Complaints. Following the filing of a formal complaint, the Title IX Coordinator or an assigned investigator who has had training in Title IX investigations will conduct an investigation of the allegations, unless they are summarily dismissed in accordance with Section 12 below. The investigation will include an evaluation of all available evidence, and may include witness interviews, review of relevant documents, and consultation with other staff members as necessary. The Title IX Coordinator or investigator must be free from any conflicts of interest or bias.

The investigation will be premised on a presumption that the Respondent is not responsible for the alleged act(s) of sexual harassment, and both parties will be treated equitably during the investigation. The burden of proof is on the School to prove a violation of this Policy by a preponderance of the evidence, which means that it is more likely than not that the Respondent engaged in the prohibited behavior.

Upon a determination that the Respondent engaged in prohibited behavior (pursuant to the procedures set forth below), the School may:

- Offer the Complainant any remedies that will restore or preserve the Complainant's access to the School's educational program and activities, including any supporting measures. These remedies may be kept confidential to the extent deemed necessary by the School.
- Impose any disciplinary sanctions on a Respondent student, including participation in counseling services; revocation of privileges related to extra-curricular programs including sports; no-contact orders; schedule changes; short-term or long-term suspension; or expulsion.
- Impose any disciplinary sanctions on a Respondent employee, including participation in counseling services; no-contact orders; reassignment; suspension without pay; or termination of employment.

This Policy prohibits the Complainant, the Respondent and any witnesses from knowingly making a false statement or providing false evidence in connection with a Title IX investigation. The School may take disciplinary action under the Student Code of Conduct or Employee Handbook against individuals who make such false statements.

11. Written Notice of Formal Complaint. The Title IX Coordinator or investigator will provide written notice to the Complainant and the Respondent of the allegations of a formal complaint and the grievance process, including any informal resolution process. The notice of the allegations must include:

- Sufficient detail to allow the Respondent to prepare a response, including a description of the conduct alleged, the date and location of the conduct and the names of the Complainant and other involved parties, if any.
- A statement that the Respondent is presumed not to be responsible for the conduct and that responsibility will be determined at the conclusion of the process.
- A notice of the Complainant's and Respondent's rights to have an attorney or non-attorney advisor.
- The right of Complainant and Respondent to inspect and review any evidence.
- The prohibition on providing false statements or evidence in connection with the investigation of the complaint.

If additional allegations arise during an investigation and will be investigated, the Title IX Coordinator or investigator will provide written notice of those additional allegations to the Complainant and Respondent.

12. Summary Dismissal. If the Title IX Coordinator or investigator determines that the allegations in a formal complaint do not meet the definition of "sexual harassment" under the applicable Title IX regulations, did not

occur in the School's educational program or activity, or did not occur in the United States, the Title IX Coordinator or investigator *shall* summarily dismiss the formal complaint. The Title IX Coordinator or investigator *may* dismiss a formal complaint if the Complainant requests withdrawal of the complaint, the Respondent withdraws from the School or terminates their employment with the School, or specific circumstances prevent the School from gathering appropriate evidence to make a determination regarding the allegations. Upon dismissal of a formal complaint or any allegations contained in a formal complaint, the Title IX Coordinator or investigator will promptly and simultaneously provide written notice of the dismissal and the reason(s) for the dismissal to the Complainant and Respondent. If a complaint is summarily dismissed, the School may nevertheless take whatever additional disciplinary action it deems appropriate against the Respondent under its Student Code of Conduct and procedures related thereto.

13. Submission of Evidence to Title IX Coordinator or Investigator. Both the Complainant and the Respondent will have a reasonable opportunity to present witnesses and other evidence to the Title IX Coordinator or investigator, provided, however, that such evidence must be submitted within 21 calendar days of the date on which written notice of the formal complaint is provided to the Complainant and Respondent. The Title IX Coordinator or investigator will meet with each party and give them at least 24 hours' advance written notice of the date, time, location, and purpose of the meeting.

Before the Title IX Coordinator or investigator prepares the final investigation report, the Complainant, the Respondent and their advisors (if any) will be provided with an equal opportunity to review all evidence that is directly related to the allegations in the formal complaint. If possible, the evidence will be provided to the parties in an electronic format and manner that does not permit copying or downloading of the evidence. The evidence provided must include any evidence that the Title IX Coordinator or investigator does not intend to rely upon, and any exculpatory or inculpatory evidence from any source. Within 10 calendar days of the date on which they were provided with access to the evidence, the parties may prepare and submit to the Title IX Coordinator or investigator a written response to the evidence, which the Title IX Coordinator or investigator must consider before preparing a final, written investigation report. Following the expiration of the date on which the parties may provide responses to the evidence, the Title IX Coordinator or investigator will promptly prepare and issue a written investigation report that fairly summarizes the relevant evidence discovered during the investigation.

The School will not restrict the ability of either party to discuss the allegations and gather evidence related to the allegations of the formal complaint.

14. Determination of Responsibility. The School will not hold a live hearing in connection with determining responsibility for any violations of this policy. The written investigation report and any responses submitted by the Complainant and/or Respondent will be provided to the School's Principal (the "Decision Maker"), who will make the determination regarding responsibility. The Decision Maker will provide each party with an opportunity to submit written, relevant questions for any party or witness within 5 calendar days of the date on which the Decision Maker is provided with a copy of the final written investigation report and any responses to the report. If written questions are submitted to the Decision Maker, the Decision Maker will promptly provide the questions to the appropriate party so that the party can provide answers to the questions. Answers to the questions must be provided to the Decision Maker within 5 calendar days of the date on which they are provided to a party. The Decision Maker will promptly provide each party with the answers to the questions and allow for additional, limited follow-up questions in writing from both the Complainant and Respondent within 3 calendar days. If written follow-up questions are submitted to the Decision Maker, the Decision Maker will promptly provide the questions to the appropriate party so that the party can provide answers to the questions. Any answers to those additional questions must be submitted to the Decision Maker within 3 calendar days of the date on which they are provided to a party. The Decision Maker will promptly provide the responses to the additional questions to both parties. Any questions regarding a Complainant's prior sexual behavior or sexual predisposition will be deemed irrelevant unless they are offered to provide that someone other than the Respondent committed the alleged misconduct or are offered to prove consent.

No sooner than 10 calendar days after receiving the investigation report but no later than 45 calendar days after receiving the investigation report, the Decision Maker will issue a written determination (the "Determination") that includes:

- A statement of the allegations;

- A description of the procedures used to investigate the allegations;
- The findings of fact;
- A determination of responsibility for each allegation;
- Any sanctions that will be imposed on the Respondent for violations;
- Whether remedies to restore or preserve the Complainant's and/or others' equal access to the School's educational program or activities will be provided; and
- A description of the right to an appeal, how to request and appeal, and the permitted bases for an appeal.

The deadline for the Decision Maker to issue the Determination may be extended for good cause at the Decision Maker's sole discretion.

The Determination must be based upon a preponderance of the evidence (i.e., whether it is more likely than not that the violation occurred. The Complainant and the Respondent will be notified concurrently of the Determination.

Students found to have violated Title IX will be referred for potential disciplinary action. Employees found to have violated Title IX will be subject to employment actions, including discipline or termination of employment.

15. Timing of Resolution of Formal Complaints. The School will attempt to resolve all formal complaints alleging a violation of this Policy within 120 days, not including any time for an appeal of the Determination. However, the School may modify this presumptive deadline and any related deadlines for grievance procedures as required by the circumstances of the report and equity to the parties, so long as the matter is resolved in a timely manner. The Title IX Coordinator or investigator will not wait for the conclusion of any law enforcement investigation or criminal proceeding to begin the Title IX investigation, but the Title IX Coordinator or investigator may consider such investigations or proceedings in determining an appropriate timeline in which to resolve a formal complaint. Any extensions of the deadlines will be explained in writing to both parties.

16. Appeals. Either the Complainant or the Respondent may appeal from: (a) the Determination regarding a formal complaint, (b) the School's handling of a report, or (c) the dismissal of a formal complaint, by submitting a notice of appeal that includes the bases of the appeal to the Decision Maker within 10 calendar days of the date of the Determination. Written notice of the appeal will be provided to both parties by the School. Either party may file a written response in support of or challenging the Determination and the bases for the appeal within 5 calendar days of the date on which written notice of the appeal was provided to all parties.

An appeal may be filed on the following bases only:

- A procedural irregularity affected the outcome of the matter,
- There is newly discovered evidence that could affect the outcome of the matter and that was not available at the time the Determination was made, and/or
- The Title IX Coordinator, the investigator or the Decision Maker had a conflict of interest or bias that affected the outcome of the matter.

The appeal will be decided by the Executive Director on written submissions from the parties only. No hearing will be held for an appeal.

The Executive Director will simultaneously provide the parties with a written decision regarding the appeal, which will describe the result of the appeal and the rationale for the decision.

17. Informal Resolution. Allegations may be resolved informally only if a formal complaint is filed and only if the complaint does not allege that a School employee harassed a student. Both parties to a formal complaint must voluntarily agree in writing to participate in a potential informal resolution. As part of the informal resolution process, the Title IX Coordinator or investigator may engage in interviews and other fact finding. Available methods of informal resolution include arbitration, mediation, and restorative justice procedures. Either party may withdraw from an informal resolution process at any time before agreeing to a resolution and resume the grievance process. Once an informal resolution is agreed to by the parties, it becomes binding. The Title IX Coordinator or the investigator has the discretion to decline informal resolution for some complaints, including complaints of sexual violence, and instead require their formal investigation.

18. Retaliation. Title IX prohibits retaliation for reporting or participating in an investigation of a report regarding sex discrimination or harassment. No person shall be retaliated against by the School in any way or subjected to discharge, suspension, discipline, harassment, or any form of discrimination for having participated in any proceeding under this Policy. In addition, it shall be a violation of this Policy for any person to retaliate against another individual for the purposes of interfering with that individual's Title IX rights or because an individual has participated or refused to participate in proceedings under this Policy. Individuals may be subject to actions under this Policy and/or under the Student Code of Conduct or the employee handbook for retaliation in violation of this Policy.

19. Recordkeeping. The School will maintain all documents related to allegations of sexual harassment for at least seven years. The records maintained by the School will document that the School's response to allegations of sexual harassment was not deliberately indifferent and that measures were taken to restore or preserve equal access to the School's educational program or activity. If the School did not offer supportive measures in response to a report made under this Policy, the School's records will document why that response was not clearly unreasonable under the circumstances known at the time.

20. Training. The School will provide training on the definition of sexual harassment, the School's grievance procedures, how to serve impartially in their roles, and any other required or appropriate subjects to the Title IX Coordinator, any investigators, the Decision Maker, anyone who facilitates informal resolution of formal complaints, and anyone involved in the appeal process at least as often as required by the Title IX regulations. All training materials will be posted on the School's website, as required by the Title IX regulations.

APPENDIX N: Special Education and Section 504

Special Education/IDEA

The School abides by the requirements of applicable federal and state laws in serving students with disabilities, including the Individuals with Disabilities Education Act (IDEA), A.R.S. § 15-761, et seq., and A.A.C. § R7-2-401, et seq. Consistent with these requirements, the School has established, implemented, and made available to parents and school-based personnel the special education policies and procedures set forth herein. To the extent applicable to charter schools generally, and to the grade levels served by the School, the School's written special education policies and procedures include those set forth in the most current version of the Arizona Department of Education's Policy & Procedure Checklist ("ADE Checklist"), as updated, which is incorporated herein and is available electronically to school-based personnel and all parents at: www.azed.gov/specialeducation/monitoring under the "Resources" link.¹ The statutory and rule citations included in the policies below reflect the law or regulation on which the policy or procedures are based.

1. Child Find.

Policy: The School will ensure that all children with disabilities enrolled in and in need of special education and related services are identified, located and evaluated. Procedures for child identification and referral shall meet the requirements of the IDEA and its regulations, A.R.S. Title 15, Chapter 7, and the State Board of Education rules R7-2-401.

Procedures:

- §300.111 *Child Find*.

¹ To the extent any substantive inconsistency exists between these policies/procedures and the ADE Checklist that would otherwise implicate non-compliance by the School, the substantive provision of the ADE Checklist will control so as to ensure compliance.

1) The School will identify, locate and evaluate all children with disabilities within the population the School serves (enrolled students) who are in need of special education and related services.

2) Child find must also include children who are suspected of being a child with a disability and in need of special education, even though: (a) they are advancing from grade to grade, or (b) are highly mobile children, including migrant children.

3) The School will maintain a record of children who are receiving special education and related services.

- *AAC R7-2-401.C Public Awareness:* The School shall inform the general public and parents within its boundaries of responsibility of special education services for students aged 3 through 21 years and how to access those services, including information regarding early intervention services for children aged birth through 2 years.

- *AAC R7-2-401.D Child Identification and Referral:*

1) The School shall establish, implement and make available (either in writing or electronically) to its school-based personnel and all parents within the School's boundaries of responsibility, written procedures for the identification and referral of all children with disabilities, birth through 21 years, regardless of the severity of their disability.

2) The School will require the appropriate school-based personnel to review the written procedures related to child identification and referral on an annual basis and maintain documentation of the school-based personnel review.

3) Identification (screening for possible disabilities) shall be completed within 45 calendar days after: a) entry of each preschool or kindergarten student and any student enrolling without appropriate records or screening, evaluation, and progress in school; or b) notification to the School by parents of concerns regarding the developmental or educational progress by their child (ages 3 years through 21 years).

4) Screening procedures shall include vision and hearing status and consideration of the following areas: a) cognitive or academic; b) communication; c) motor; d) social or behavioral; and e) adaptive development. Screening procedures do not include detailed and comprehensive evaluation procedures.

5) For a student transferring into a school, the School shall review enrollment data and educational performance in the prior school. If there is a history of special education for a student not currently eligible for special education or poor progress, the name of the student shall be submitted to the administrator for consideration of the need for a referral for a full and individual evaluation or other services.

6) If a concern about a student is identified through screening procedures or review of records, the School shall notify the parents of the student of the concern within 10 school days and inform them of the School's procedures to follow-up on the student's needs.

7) The School shall maintain documentation of the identification procedures utilized, the dates of entry into school, notification by parents of a concern and the dates of screening. The results shall be maintained in the student's permanent records.

8) If the identification process indicates a possible disability, the name of the student shall be submitted to the administrator for consideration of the need for a referral for a full and individual evaluation or other services. A parent or student who has reached the age of majority may request an evaluation of the student.

9) If, after consultation with the parent, the School determines that a full and individual evaluation is not warranted, the School shall provide prior written notice and procedural safeguards notice to the parent in a timely manner.

2. Evaluation.

Policy: A full and individual initial evaluation will be conducted by the School before the initial provision of special education and related services to a child with a disability in accordance with §§300.300-300.311 of the IDEA regulations. A reevaluation of each child with a disability will be conducted by the School in accordance with §§300.300-300.311 of the IDEA regulations.

Procedures:

- *§300.300 Parental Consent*

1) When the School proposes to conduct an initial evaluation to determine if a child qualifies as a child with a disability, after reviewing existing data with the parents and providing prior written notice, the School will obtain informed consent from the parent of the child before collecting any additional data.

- a) Parental consent for initial evaluation must not be construed as consent for initial provision of special education and related services.
- b) The School must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation.

2) For initial evaluations only, if the child is a ward of the state, is not residing with the child's parent, the School is not required to obtain consent from the parent if: a) Despite reasonable efforts to do so, the School cannot discover the whereabouts of the parents of the child; b) The rights of the parents of the child have been terminated by the court; c) The rights of the parent to make educational decisions have been subrogated by a judge and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

3) The School may, but is not required to, seek informed consent through due process procedures if the parent of a child who is enrolled or seeking to enroll in the School refuses consent for an initial evaluation, or fails to respond to a request for consent.

4) The School must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child and must make reasonable efforts to obtain that consent.

5) If a parent refuses consent for the initial provision of special education and related services, the School may not seek consent through due process hearing procedures. The School: a) Will not be considered to be in violation to provide FAPE; b) Is not required to convene an IEP Team meeting or develop an IEP for the child.

6) The School must obtain informed consent prior to conducting any reevaluation of a child with a disability. If the parent refuses consent, the School may utilize due process hearing procedures to seek consent but does not violate its obligation if it declines to pursue the evaluation or reevaluation. The informed parental consent for reevaluation need not be obtained if the School can demonstrate that: a) it made reasonable efforts to obtain such consent and has documented those attempts; b) the child's parent has failed to respond.

7) Parental consent is not required before: a) Reviewing existing data as part of an evaluation or reevaluation; or b) Administering a test or other evaluation that is administered to all children unless consent is required of parents of all children prior to administration.

8) A public agency may not use a parent's refusal to consent to one service or activity under this section to deny the parent or child any other service, benefit, or activity of the School, except as required by this part.

- *§300.301 Initial Evaluations*

1) Consistent with consent requirements of §300.300, either a parent of a child or the School may initiate a request for an initial evaluation to determine if a child is a child with a disability.

2) The initial evaluation must: a) Be completed within 60 days of receiving parental consent for the evaluation unless i) the parents and the School agree that it is in the best interest of the child to extend the timeline to complete the evaluation for an additional 30 days; ii) the child enrolls in the School from another public agency after the parent has provided consent and before the determination of eligibility by the other agency. In that event, the School will ensure prompt completion of the evaluation; or iii) the parent of a child with a disability repeatedly fails or refuses to produce the child for the evaluation; b) Consist of procedures to determine if the child is a child with a disability and to determine the educational needs of the child.

- *§300.303 Reevaluations*

1) The School will conduct a reevaluation of a child with a disability if: a) The School determines that the educational or related service needs, including improved academic achievement and functional performance, of the child warrant a reevaluation, or b) If the child's parents or teacher requests a reevaluation, except that the School will not conduct a reevaluation more than once a year unless the parent and agency agree otherwise.

2) The School will conduct a reevaluation team meeting at least once every 3 years, unless the parent and the School agree that reevaluation is unnecessary.

- *§300.304 Evaluation Procedures*

1) The School will provide prior written notice to the parents of a child who has, or who is suspected of having, a disability that describes the evaluation procedures that the School proposes to conduct.

2) In conducting an evaluation or reevaluation, the School will: a) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent in order to determine i) whether the child is a child with a disability; and ii) if the child is a child with a disability, information related to enabling the Child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities); b) Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and c) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

3) The School will ensure that evaluation materials and strategies: a) Are selected and administered so as not to be discriminatory on a racial or cultural basis; b) Are administered in the child's native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to do so; c) Are used for the purposes for which the assessment(s) or measure(s) are valid and reliable; d) Are administered by trained and knowledgeable personnel; e) Are administered in accordance with the instructions provided by the assessment publisher; f) Are selected and administered so as to ensure that if administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure rather than reflecting the child's impairments (unless those skills are the factors being measured); g) Assess the child in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, adaptive behavior, communicative status, and motor abilities; h) Are sufficiently comprehensive to identify all of the child's special education and related service's needs, whether or not those needs are commonly associated with the child's disability; i) Provide relevant information that directly assists in determining the educational needs of the child.

4) Evaluations of children who transfer to or from another public agency in the same school year are coordinated with the prior and subsequent schools, in order to expedite the completion of a full evaluation.

- *§300.305 Additional Evaluation Requirements*

1) As part of an initial evaluation (if appropriate), and as part of any reevaluation, the IEP Team and other qualified professionals, as appropriate, will: a) Review existing evaluation data on the child including i) evaluations and information provided by the parents; ii) current classroom-based, local and state-wide assessments, and classroom-based observations; iii) observations by teachers, and related services providers; b) On the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine whether: i) the child is or continues to be a child with a disability, and, if so, the educational needs of the child; ii) the present levels of academic achievement and related developmental needs of the child; iii) whether the child needs special education and related services to enable the child to meet measurable annual IEP goals and to participate, as appropriate, in the general education curriculum; c) The IEP Team will meet to review the existing data.

2) If additional data are needed, the School will administer the assessments required to obtain the additional data.

3) If additional data are not needed to determine whether the child continues to be a child with a disability, and to determine the child's educational needs, the School will notify the parents of: a) The determination and the reasons for the determination; and b) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs.

4) The School will evaluate a child before determining that the child is no longer a child with a disability except when the termination is due to graduation with a regular high school diploma or the child reaching age 22.

5) When the child's eligibility terminates because of graduation or reaching age 22, the School will provide a summary of the child's academic achievement and functional performance that includes recommendations on how to assist the child in meeting the child's postsecondary goals.

- *§300.306 Determination of Eligibility*

1) Upon completion of the evaluation process, the School will ensure that: a) A group of qualified professionals and the parent of the child determine: i) if the child is a child with a disability under the Individuals with Disabilities Education Act and the Arizona State Statutes; and ii) if so, the educational needs of the child; b) The parents are provided, at no cost, a copy of the evaluation report and eligibility determination.

2) A child will not be determined to be a child with a disability if the primary factor for the determination is: a) Lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in 1208(3) of the ESEA); b) Lack of appropriate instruction in math; or c) Limited English proficiency.

3) The eligibility determination, including education needs, will be based on all of the information sources used in the evaluation process, and if deemed eligible and in need of special education and related services, an IEP will be developed in accordance with §300.320 through 300.324.

- *§300.307 Additional Procedures for Identifying Children with Specific Learning Disabilities*

Option 1: The School will use the state-adopted criteria for determining whether a child has a specific learning disability through a process based on the child's response to scientific, research-based intervention in conformity with IDEA Regulations §300.307-311.

Option 2: The School will establish criteria for determining whether a child has a specific learning disability through the identification of a severe discrepancy between intellectual ability and achievement in conformity with IDEA Regulations §300.307-311.

Option 3: The School will determine, on an individual child basis, the criteria for determining whether a child has a specific learning disability using one of the following criteria in conformity with IDEA Regulations §300.307-311: a) The state-adopted criteria based on a child's response to scientific, research-based intervention; or b) The identification of a severe discrepancy between intellectual ability and achievement.

- *§300.308 Additional Group Members.* The determination of whether a child suspected of having a specific learning disability is a child with a disability must be made by the child's parents and a team of qualified professionals which must include: 1) The child's regular teacher or if the child does not have a regular teacher, then a regular teacher qualified to teach children of that age; 2) For a child of less than school age, an individual qualified by the State to teach children of his/her age; 3) At least one person qualified to conduct individual diagnostic evaluations of children, such as a school psychologist, speech-language pathologist, or remedial reading teacher.

- *§300.309 Determining the Existence of a Specific Learning Disability*

1) A child may be determined to have a specific learning disability if: a) The child does not achieve adequately for the child's age or to meet State-approved grade-level standards in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child's age, or meet State-approved grade level standards: i) Oral expression; ii) Listening comprehension; iii) Written expression; iv) Basic reading skill; v) Reading fluency skills; vi) Reading comprehension; vii) Mathematics calculation; viii) Mathematics problem solving; b) The child does not make sufficient progress to meet age or State-approved grade-level standards in one or more of the areas above when using a process based on the child's response to scientific, research-based intervention; or c) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade level standards, or intellectual development, that is determined by the group to be relevant to the identification of a specific learning disability, using appropriate assessments.

2) The findings of this section are not primarily the result of: a) A visual, hearing or motor disability; b) Intellectual Disability; c) Emotional disturbance; d) Cultural factors; e) Environmental or economic disadvantage; or f) Limited English proficiency.

3) The group must ensure that the underachievement is not due to a lack of appropriate instruction in reading or math and consider: a) Data that demonstrate that prior to, or as part of, the referral process, the child was provided appropriate instruction in regular education settings, delivered by qualified personnel; and b) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child's parents.

4) The School must promptly request parent consent to evaluate if, prior to referral, the child has not made adequate progress after an appropriate period of time when provided instruction described in (3)(a) and (b).

- *§300.310 Observation*

1) The School must ensure that the child is observed in his/her learning environment, including the regular classroom setting, to document the child's academic performance and behavior in the areas of difficulty.

2) In the case of a child less than school age or out of school, a group member must observe the child in an environment appropriate for a child that age.

- *§300.311 Specific Documentation for the Eligibility Determination*

1) For a child suspected of having a specific learning disability, the eligibility determination must contain a statement of: a) Whether the child has a specific learning disability; b) The basis for making the determination, including an assurance the determination was made in

accordance with the Individuals with Disabilities Education Act; c) The relevant behavior, if any, noted during the observation and the relationship of that behavior to the child's academic functioning; d) The educationally relevant medical findings, if any; e) Whether the child does not achieve adequately for his/her age or to meet State-approved grade level standards consistent with (1)(a); and does not make sufficient progress to meet age or State-approved grade level standards consistent with (1)(b); f) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State approved grade level standards or intellectual development consistent with (1)(c); or g) The determination of the group concerning the effects of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency of the child's achievement level.

2) If the child participated in a process that assessed the child's response to scientific, research-based intervention, the determination must include: a) The instructional strategies used and the student-centered data collected; b) The documentation that the child's parents were notified about the State's policies regarding the amount and nature of student performance that would be collected and the general education services that would be provided; c) Strategies for increasing the rate of learning; and d) The parent's right to request an evaluation.

3) Each group member must certify in writing whether the report reflects the member's conclusion. If it does not, the group member must submit a separate statement presenting the member's conclusions.

- *AAC R7-2-401.E Evaluation/Reevaluation*

4) If the parent requests the evaluation, the School must, within a reasonable amount of time not to exceed 15 school days from the date it receives a parent's written request for an evaluation, either begin the evaluation by reviewing existing data or provide prior written notice refusing to conduct the requested evaluation. The 60- day evaluation period shall commence upon the School's receipt of the parent's informed written consent.

5) The 60-day evaluation period may be extended for an additional 30 days, provided it is in the best interest of the child and the parent and the School agree in writing to such an extension. Neither the 60-day evaluation period nor any extension shall cause a reevaluation to exceed the timelines for a reevaluation within three years of the previous evaluation

6) The School may accept current information about the student from another state, public agency, public education agency, or through an independent educational evaluation. In such instances, the multidisciplinary evaluation team shall be responsible for reviewing and approving or supplementing an evaluation to meet the requirements identified in subsections (E)(1) through (7).

- *§300.106 Extended School Year Services (ESY)*

1) The School will make extended school year services available as necessary to provide FAPE to children with disabilities. ESY services will be provided only if a child's IEP team determines, in accordance with §§300.320-300.324, that the services are necessary for the provision of FAPE. Services will not be limited to a particular category of disability or unilaterally limited to the type, amount, or duration of services.

2) The ESY services that are provided to a child with a disability will: a) Be provided beyond the normal school year of the School; b) Be provided in accordance with the child's IEP; c) Be provided at no cost to the parents of the child; and d) Meet the standards of the State.

- *§300.108 Physical Education*

1) The School will make regular physical education services available to children with disabilities to the same extent that the School provide those services to children without disabilities, unless: a) The child is enrolled full time in a separate facility; or b) The child needs specially designed physical education as prescribed in the child's IEP.

2) If a child is enrolled in a separate facility, the School will ensure that the child receives appropriate physical education services.

3) If special physical education is prescribed in a child's IEP, the School will provide for those services, either directly or through other public or private programs.

- *§300.110 Program Options.* The School will ensure that children with disabilities have available to them the variety of education programs and services that are available to nondisabled children, including art, music, industrial arts, consumer and homemaking education, and vocational education.

- *§300.154 Methods of Ensuring Services*

1) The School may use the Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under IDEA, as permitted under the public benefits or insurance program, except that the School: a) May not require parents to sign up for or enroll in public benefits or insurance programs to receive FAPE; b) May not require parents to incur out-of-pocket expenses such as payment of a deductible or co-pay for services required by IDEA, but may pay the cost that parents otherwise would be required to pay; c) May not use a child's public benefit if that use would i) Decrease lifetime benefits; ii) Result in the family paying for non-school services that would otherwise be paid for by public benefits; iii) Increase premiums or lead to discontinuation of benefits; or iv) Risk loss of eligibility.

2) The School must notify parents that their refusal to allow access to their public benefits does not relieve the school of its responsibility to provide all required IDEA services.

3) The School must obtain a one-time written consent from the parent, after providing written notification and before accessing the child's or the parent's public benefits for the first time. The consent must specify a) The personally identifiable information that may be disclosed; b) The purpose of the disclosure; and c) The agency to which the disclosure may be made.

4) The public education agency must provide a written notification to the child's parents before accessing the child's or parent's public benefits for the first time and prior to obtaining the one-time parental consent and annually thereafter

- *AAC R7-2-401. F Parental Consent*

1) The School shall obtain informed written consent from the parent of the child with a disability before the initial provision of special education and related services to the child.

2) If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public education agency may not use mediation or due process procedures in order to obtain agreement or a ruling that the services may be provided to the child.

3) If the parent of the child refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide consent for the initial provision of special education and related services, the School: a) will not be considered to be in violation of the requirement to make available FAPE to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent, and b) Is not required to convene an IEP team meeting or develop an IEP in accordance with these rules.

4) If, at any time after the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the School: a) May not continue to provide special education and related services to the child, but shall provide prior written notice before ceasing the provision of special education and related services; b) May not use the mediation procedures or the due process procedures in order to obtain agreement or a ruling that the services may be provided to the child; c) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and d) Is not required to convene an IEP team meeting or develop an IEP for the child for further provision of special education and related services.

5) If a parent revokes consent in writing for the child's receipt of special education services after the child is initially provided special education and related services, the School is not required to amend the child's education records to remove any references to the child's receipt of special education and related services because of the revocation of consent.

4. Least Restrictive Environment (LRE).

Policy: Children with disabilities, including children in public or private institutions or other care facilities, will be educated to the maximum extent appropriate with children who are not disabled in accordance with §§300.114-300.117 of the IDEA regulations.

Procedures:

- *§300.114 Least Restrictive Environment (LRE) Requirements.* The School will ensure that special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.
- *§300.115 Continuum of Alternative Placements*
 - 1) The School will make available a continuum of alternative placements to meet the needs of children with disabilities for special education and related services.
 - 2) The continuum of alternative placements will include: a) Instruction in regular classes, special classes, special schools, home instruction, and instruction in hospital and institutions; b) Supplementary services, such as a resource room or itinerant instruction, to be provided in conjunction with regular class placement.

9) Within 10 days of receiving the complaint, the receiving party will send to the other party a response that specifically addresses the issues raised in the due process complaint.

- *§300.510 Resolution Process*

4) If the hearing officer agrees with the child's parents that a change of placement is appropriate, that placement must be treated as an agreement between the State and parent for the purposes of (1)(c) of this section.

- *§300.519 Surrogate Parents*

1) The School will ensure that the rights of a child are protected by assigning an individual to act as a surrogate for the parents when: a) No parent can be identified; b) After reasonable efforts are made, no parent can be located; c) The child is a ward of the State (with no foster parent); d) The child is an unaccompanied homeless youth as defined by the McKinney-Vento Homeless Assistance Act;

2) The School will have a method for determining when a surrogate parent is needed and for making surrogate parent assignments.

3) The School will ensure that a person selected as a surrogate parent: a) Is not an employee of the State, the School, or any other agency that is involved in the education or care of the child; b) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and c) Has knowledge and skills that ensure adequate representation of the child.

4) In the case of an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents until a surrogate parent can be appointed that meets all the requirements of this section.

- *§300.520 Transfer of Parental Rights at Age of Majority*

1) When a child with a disability reaches age 18, unless that child has been determined to be incompetent: a) The School will provide any notice required by the IDEA regulations to both the child and the parents; and b) All rights accorded to parents under Part B of the Act transfer to the child

2) When the rights are transferred, the School will provide notice to the child and parent of the transfer of rights.

- *AAC R7-2-401.1 Procedural Safeguards*

1) The School shall establish, implement, and make available to school-based personnel and parents of students with disabilities written procedures to ensure children with disabilities and

their parents are afforded the procedural safeguards required by federal statute and regulation and state statute. These procedures shall include dissemination of information to parents about the School's and the state's dispute resolution options.

2) In accordance with the requirements of IDEA, prior written notice shall be provided to the parents of a child within a reasonable time after the School proposes to initiate or change, or refuses to initiate or change, the identification, evaluation, educational placement or provision of FAPE to the child, but before the decision is implemented.

7. Discipline.

Policy: A child with a disability may be disciplined for a violation of the student code of conduct, including removal from his or her current placement to an appropriate interim alternative educational setting, another setting, suspension, or expulsion in accordance with IDEA Regulations §§300.530 through 300.536.

Procedures:

- *§300.530 Authority of School Personnel*

1) On a case-by-case basis and in consideration of any unique circumstances, school personnel may remove a child with a disability who violates a student code of conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement under §300.536.

2) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the School must provide services to the extent required to: a) Enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting his/her IEP goals; and b) Receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

3) The School is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 days or less in that school year, if it provides services to non-disabled children similarly removed.

4) After a child with a disability has been removed from his or her current placement for 10 school days, and the current removal is for not more than 10 consecutive school days and not a change of placement, school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed, so as to enable the child to continue to participate in the general education curriculum and to progress toward meeting the IEP goals.

5) If the removal is a change in placement, the child's IEP Team determines the appropriate services.

6) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the School, parent, and relevant members of the IEP Team must review all relevant information in the student's file, the IEP, teacher observations, and any relevant information to determine: a) if the conduct was caused by, or had a direct and substantial relationship to, the child's disability; or b) if the conduct in question was the direct result of the School's failure to implement the IEP.

7) The conduct must be determined to be a manifestation of the disability if either (6) (a) or (b) occurred, and, if the IEP was not implemented, the School must take immediate steps to remedy that deficiency.

8) If the School, parent, and relevant members of the IEP team determine that the conduct was a manifestation of the child's disability, the child must be returned to the placement from which the child was removed, unless the parent and the School agree to a change of placement. The IEP Team must either: a) Conduct a functional behavioral assessment, unless already done, and implement a behavioral intervention plan; or b) If a behavioral intervention plan has already been developed, review the plan and modify it, as necessary, to address the behavior.

9) School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to manifestation of disability if the child: a) Carries a weapon to or possesses a weapon at school, on school premises, to or at a school function under the jurisdiction of a state or public education agency; b) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or public education agency; or c) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or public education agency.

10) The School will notify parents and provide notice of procedural safeguard on the day the School determines the student has violated the code of conduct, and the violation constitutes and change in placement (i.e., interim alternative education setting).

- *AAC R7-2-401.P Suspension and Expulsion:*

1) The School shall establish, implement and make available to personnel and parents written procedures for the suspension and expulsion of students with disabilities. Such procedures consist of the disciplinary procedures applicable to all School students, as modified by these Special Education policies.

2) The School shall require all school-based staff involved in the disciplinary process to review the policies and procedures related to suspension and expulsion on an annual basis. The School shall maintain documentation of staff review.

3) Procedures for such suspensions and expulsions shall meet the requirements of the Individuals with Disabilities Education Act (IDEA) and its regulations, and state statutes.

- *§300.531 Determination of Setting.* When a disciplinary removal constitutes a change in placement, the child's IEP Team determines the interim alternative educational setting for services.

- *§300.532 Appeal*

1) The parent of a child with a disability who disagrees with any decision regarding placement under §§300.530 and 300.531 or the manifestation determination may appeal the decision by requesting an expedited due process hearing in conformance with §§300.310 through 300.314 and AAC R7-2-405.I.

2) When the School believes that maintaining the current placement of the child is substantially likely to cause injury to the child or others, the School may appeal the decision by requesting an expedited due process hearing in conformance with §§300.310 through 300.314 and AAC R7-2-405.I.

- *§300.533 Placement During Appeals.* The student must remain in the interim alternative educational setting pending the decision of the hearing officer or expiration of the interim setting, whichever comes first, unless the parent and public agency agree otherwise.

- *§300.534 Protections for Children Not Determined Eligible for Special Education and Related Services*

1) A non-eligible student who engaged in a behavior that violated a code of student conduct may assert protections if the School had knowledge that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred. The School must be deemed to have such knowledge if: a) The parent of the child expressed concern in writing to supervisory or administrative personnel of the School, or a teacher of the child, that the child is in need of special education and related services; b) The parent of the child requested an evaluation of the child pursuant to §§300.300 through 300.311; or c) The teacher of the child, or other personnel of the School, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education or to other supervisory personnel of the School.

2) The School would not be deemed to have knowledge if the parent of the child: a) Has not allowed an IDEA evaluation of the child; b) Has refused special education services for the child; or c) The child has been evaluated and determined to not be a child with a disability under IDEA.

3) If the School does not have knowledge that a child is a child with a disability prior to taking disciplinary measures against the child, the child may be disciplined as other children without disabilities who engage in comparable behaviors.

4) If an evaluation is requested during the time in which a child is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner. Until the evaluation is completed, the child remains in the educational placement determined by the School, which can include suspension or expulsion without educational services. If the child is determined to be a child with a disability, the School must provide special education and related services in accordance with this part, including the requirements of §§300.530 through 300.536.

- *§300.535 Referral to and Action by Law Enforcement and Judicial Authorities*

1) The School may report a crime committed by a child with a disability to appropriate authorities to enable them to exercise their responsibilities.

2) An agency reporting a crime committed by a child with a disability will ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the School reports the crime, but only to the extent permitted by FERPA.

- *§300.536 Change of Placement Because of Disciplinary Removals*

1) A change of placement occurs if: a) The removal is for more than 10 consecutive school days; or b) The child has been subjected to a series of removals that constitute a pattern i) because the series of removals total more than 10 school days in a school year; ii) because the child's behavior is substantially similar to the behavior in previous incidents that resulted in a series of removals; and iii) because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

2) The School will determine on a case-by-case basis whether a pattern of removals constitutes a change of placement, and such determinations are subject to review through due process and judicial proceedings.

8. **Confidentiality.**

Policy: The School will ensure that protection of the confidentiality of any personally identifiable data, information, and records collected or maintained by the School will be in accordance with §§300.611 through 300.627.

Procedures:

- *§300.613 Access Rights.*

1) The School must permit parents to inspect and review any education records relating to their children that are collected, maintained or used by the School under IDEA. The School must comply with a request without unnecessary delay and in no case more than 45 days after the request has been made, and before: a) Any IEP meeting; b) Any hearing involving a due process complaint or disciplinary hearing; or c) Any resolution session.

2) The right to inspect and review education records includes: a) The right to a response from the School to reasonable requests for explanations and interpretations of the records; b) The right to request that the School provide copies of the records if failure to provide those copies would effectively prevent the parent from exercising the right to inspect and review the records; and c) The right to have a representative of the parent inspect and review the records.

3) The School may presume that the parent has authority to inspect and review records relating to his or her child unless the School has been advised to the contrary by legal proceeding involving guardianship, separation and divorce.

- *§300.614 Record of Access.* The School will keep a record of parties obtaining access to education records collected, maintained or used under IDEA (except access by parents and authorized employees of The School, including: a) The name of the party; b) The date access was given; and c) The purpose for which the party is authorized to use the records.

- *§300.615 Records on More Than One Child.* If any education record includes information on more than one child, the parents of those children have the right to inspect and review only the information relating to their child.

- *§300.616 Lists of Types and Locations of Information.* The School must provide parents on request a list of the types and locations of education records collected, maintained or used by the School.

- *§300.617 Fees*

1) The School may charge a fee for copies of records that are made for parents if the fee does not effectively prevent the parents from exercising their right to inspect and review records.

2) The School may not charge a fee to search for or to retrieve information.

- *§300.618 Amendment of Records at Parent's Request.*

1) A parent who believes that information in the education records collected, maintained or used by the School is inaccurate or misleading or violates the privacy or other rights of the child, may request the School to amend the information.

2) The School must decide whether to amend the information in accordance with the request in a reasonable period of time of receipt of the request.

3) If the School refuses to amend the information in accordance with the request, it must inform the parent of the refusal and advise the parent of the right to a hearing under §300.619.

- *§300.619 Opportunity for a Hearing.* The School must, on request, provide an opportunity for a hearing to challenge information in education records to ensure that it is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child.

- *§300.620 Result of Hearing*

1) If, as a result of a hearing, the School decides to amend information determined inaccurate, misleading, or otherwise in violation of the privacy or other rights of the child, it must do so accordingly and so inform the parent in writing.

2) If, as a result of a hearing, the School decides that the information is not inaccurate, is misleading, or otherwise in violation of the privacy or other rights of the child, it must inform the parent of the parent's right to place in the maintained records a statement commenting on the information or setting forth any reasons for disagreeing with the School's decision.

- *§300.622 Consent*

1) Parental consent must be obtained before personally identifiable information is disclosed to parties other than participating agencies, unless the information is contained in education records and the disclosure is authorized without parent consent under FERPA.

2) Parental consent must be obtained before personally identifiable information is released to officials of participating agencies providing or paying for transition services in accordance with §300.321.

3) If a child is enrolled, or is going to enroll, in a private school that is not located in the boundaries of the district of the parent's residence, parental consent must be obtained before any personally identifiable information about the child is released between officials in the district where the private school is located and officials in the district of the parent's residence.

- *AAC R7-2-401.J(4) Confidentiality:* Upon receiving a written request, the School shall forward special education records to any other public education agency in which a student has enrolled or is seeking to enroll. Records shall be forwarded within the time-frame specified in A.R.S 15-828(F). The public education agency shall also forward records to any other person or agency for which the parents have given signed consent.

- *§300.623 Safeguards*

1) The School must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction stages.

2) One official at the School must assume responsibility for ensuring the confidentiality of any personally identifiable information.

3) All persons collecting or using personally identifiable information must receive training or instruction regarding the State's policies and procedures under 300.123 and FERPA (34 CFR part 99).

4) The School must maintain, for public inspection, a current listing of the names and positions of its employees who may have access to personally identifiable information.

- *AAC R7-2-401.J(1) Confidentiality:* The School shall establish, implement, and make available to its personnel and parents written policies and procedures to ensure the confidentiality of records and information in accordance with the Individuals with Disabilities Education Act (IDEA) and its regulations, the Family Educational Rights and Privacy Act (FERPA) and its regulations, and state statutes.

- *§300.624 Destruction of Information*

1) The School must inform parents when personally identifiable information collected, maintained, or used for IDEA purposes is no longer needed to provide educational services to the child.

2) The information must be destroyed at the request of the parents. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

- *AAC R7-2-401.J(2) Confidentiality:* Parents shall be fully informed about the requirements of the IDEA and regulations, including an annual notice of the policies and

procedures that the School shall follow regarding storage, disclosure to a third party, retention, and destruction of personally identifiable information.

- *§300.625 Children's Rights*

- 1) The rights of the parents regarding educational records are transferred to the student at age 18 under FERPA.

- 2) If the rights of the parents regarding educational records are transferred to the student at age 18 under the IDEA, the School must provide any notice required under the procedural safeguards provisions.

- *AAC R7-2-401.J(3) Confidentiality:* The rights of parents regarding education records are transferred to the student at age 18, unless the student has been adjudicated incapacitated, or the student has executed a delegation of rights to make educational decisions pursuant to A.R.S. §15-773.

9. Graduation.

Policy: The School shall provide a FAPE to all eligible students until termination of eligibility due to graduation from secondary school with a regular diploma or due to exceeding 21 years of age, in accordance with §300.305 and A.R.S. § 15-701.01(A)(3) and (B).

Procedures:

- *A.R.S. § 15-701.01(B) and AAC R7-2-301(D)(1)*

- 1) The School shall prescribe graduation criteria for students with disabilities from its high schools, which shall include accomplishment of the academic standards in at least reading, writing, mathematics, science, and social studies, as determined by district assessment.

- 2) The School shall develop a course of study and graduation and promotion requirements for all students placed in special education programs in accordance with R7-2-401 et seq.

- *§300.102 Limitation-Exception to FAPE for Certain Ages*

- 1) The School will not be obligated to provide FAPE to students with disabilities who have graduated from high school with a regular high school diploma.

- 2) The exception does not apply to children who have graduated from high school but have not been awarded a regular high school diploma.

- 3) Graduation from high school with a regular high school diploma constitutes a change of placement requiring prior written notice in accordance with §300.503.

- *§300.305 Additional Requirements for Evaluations and Reevaluations*

- 1) An evaluation is not required before the termination of a child's eligibility due to graduation from secondary school with a regular diploma or due to exceeding 21 years of age.

- 2) For a child no longer eligible due to graduation or exceeding the age of eligibility, a public agency must provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's post-secondary goals.

- *A.R.S. § 15-701.01(3) High School Graduation; Requirements*

Pupils with disabilities as defined in A.R.S. § 15-761 or children who receive special education as defined in 15-763 shall not be required to achieve passing scores on the statewide assessment or test that is identical to the civics portion of the naturalization test under section 15-701.01 in order to graduate from high school unless the pupil is learning at a level appropriate for the pupil's grade level in a specific academic area and unless a passing score on the statewide assessment or test that is identical to the civics portion of the naturalization test under section 15-701.01 is specifically required in a specific academic area by the pupil's IEP as mutually agreed

on by the pupil's parents (or 18 year old student) and IEP Team. The pupil's IEP shall include any necessary testing accommodations. Special education services shall be provided at no cost to the parents of children with disabilities.

Section 504

It is the School's policy that no otherwise qualified individual with a disability be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under the School's educational programs and activities, solely by reason of her or his disability. Questions regarding the School's Section 504 policies may be referred to the School's Section 504 Coordinator.

10. Disability under Section 504. For the purposes of this policy, a student who has a qualifying disability within the intent of Section 504 is one who: has a physical or mental impairment that substantially limits one or more major life activities, including but not limited to, learning; or has a record of such impairment; or is regarded as having such impairment.

Students may be eligible for services under the provisions of Section 504 even though they do not require services pursuant to the IDEA. Students may be technically eligible for the protections of Section 504 even if they do not require a 504 accommodation plan.

11. Identification and Referral Procedures. The School has an affirmative obligation to identify and evaluate students with suspected disabilities under Section 504. Any student who needs or is believed to need accommodations under Section 504 may be referred by a parent, teacher, or other school employee to be considered for evaluation. The School must obtain parental consent before conducting an evaluation.

12. Evaluations/Re-evaluations. The decision to qualify a student for Section 504 services is made by a multidisciplinary team, including individuals knowledgeable about the student, the meaning of the evaluation data, and the potential placement options. 34 C.F.R. § 104.35(c). This team may include parents, guardians, teachers, school psychologists, administrators, and others as determined by the referral for eligibility consideration.

In addition to the information provided by the parents, information from a variety of sources may be considered in the evaluation process, including for example:

- Standardized achievement tests
- Medical information including hearing, vision, medications, and any relevant developmental history
- Academic grades and transcripts
- Primary language (home and student)
- Discipline records
- Attendance
- School history
- Teacher reports/observations

Evaluations under Section 504 are not limited to formal evaluation instruments. Because the disabilities that may fall under Section 504 are broader than the specific disabilities listed in IDEA, evaluative information for a student may come from a number of sources, including aptitude and achievement tests, teacher recommendations, the student's physical condition, the student's social or cultural background, or the student's adaptive behavior.

After reviewing the relevant information, the team will determine whether the student is a student with a disability, as defined in Section 6.10. In order to be eligible for protections under Section 504, the student's ability to perform a major life activity must be substantially limited. The definition of "substantially limited" is broadly construed, as the purpose of Section 504 is to provide "broad coverage of individuals

under this Act, to the maximum extent permitted by the terms of this Act.” Relevant factors may include: (1) the nature and severity of the impairment; (2) the duration or expected duration of the impairment; and (3) the permanent, long-term impact of the impairment.

Although the definition of “substantially limited” is broad, the fact that a student has a diagnosed physical or mental impairment does not automatically mean the student will qualify under Section 504, or that a qualified student needs an accommodation plan.

A final decision will be made by the School in writing, and the parents or guardian of the student shall be notified of the Section 504 procedural safeguards available to them, including the right to an impartial hearing and review.

Students who are determined to be eligible under Section 504 will be reevaluated periodically, including before any significant change in placement.

13. Section 504 Accommodation Plans. If the team determines that the student is eligible for Section 504 protections, the team will develop a Section 504 Accommodation Plan, if needed.

The Section 504 team determines what accommodations are needed to achieve equality/comparability of access to educational activities for the student with a disability in the least restrictive environment. In addition to the normal and usual academic and school activities, students must also be given an equal opportunity to participate in non-academic and extracurricular services and activities, such as recreational and athletic activities, and school-sponsored clubs, events and activities. Participation in such non-academic activities may require accommodations. 34 C.F.R. § 104.34(b).

The accommodations for the student should be documented in the Section 504 Accommodation Plan.

14. Implementation of Section 504 Accommodation Plans. All of the professional and paraprofessional staff who work with the student will be apprised of and have access to a copy of the student’s Section 504 Accommodation Plan. Staff shall implement the Section 504 Accommodation Plan fully and in a timely manner in alignment with the plan’s initiation date.

15. Review of Accommodation Plans. On a periodic basis, the team will reconvene to review the plan. At the meeting, the following questions will be asked:

- Is the student still eligible for under Section 504?
- Does the student still need a Section 504 Accommodation Plan?
- Is there new information that needs to be considered?
- Are the current accommodations working?
- Do any changes need to be made to the plan?

Based on the answers to the above questions, the team may decide to continue the same accommodation plan, make changes to the plan, or discontinue the plan because the student is no longer eligible.

16. Discipline. Discipline of students qualifying under Section 504 only shall generally be offered the discipline-related protections comparable to those offered to students with a qualifying disability under IDEA, except that such students:

- May be disciplined in the same manner and to the same as any student without a disability if the conduct involves a student who currently is engaging in the illegal use of drugs or in the use of alcohol.
- May be long-term suspended or expelled without any services for misconduct that is not a manifestation of their disability.

17. Procedural Safeguards. Procedural safeguards include notice, an opportunity to examine the student’s relevant records, an impartial due process hearing with the opportunity for participation by the student’s parents or guardian and representation of counsel, and a review procedure.

18. Due Process Hearings. Parents who disagree with decisions concerning the identification, evaluation, or educational placement of their child under Section 504 shall have the right to an impartial hearing (“Section 504 due process hearing”), with opportunity for participation by the parents and their counsel.

Parents requesting a hearing should submit a written request to the School’s Section 504 Coordinator and include the following information:

- The name of the child and the person making the request;
- The address of the residence of the child;
- The name of the school that the child is attending;
- In the case of a homeless child or youth (within the meaning of section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)) available contact information for the child, and the name of the school that the child is attending;
- A description of the nature of the problem relating to alleged discrimination under §504, including facts relating to the problem;
- A proposed resolution of the problem to the extent known and available to the party at the time;
- At least two proposed dates for the hearing; and
- Indication of whether the hearing will be closed or open to the public.

The proceedings will be presided over and decided by an impartial hearing officer. Impartial hearing officer means an individual who has no knowledge or involvement in the decision being challenged, and who is selected to preside at a due process hearing to assure that proper procedures are followed and to assure the prompt and equitable resolution of the complaint.

19. Section 504 Due-Process Hearing Procedures.

A notice of hearing shall be provided to the parents at least 10 days prior to the date set for the hearing. The notice shall contain a statement of time, place, and nature of the hearing. The hearing notice will also indicate that parents may be represented by legal counsel and that the student may be present at the hearing. All written correspondence shall be provided in English and/or interpreted in the parent’s primary language.

The impartial hearing officer shall preside at the hearing and shall conduct the proceedings in an impartial manner so that all parties involved have an opportunity to present their evidence and question and cross-examine witnesses who know about the student’s disability. In cases where there are language differences, an interpreter shall be provided.

The impartial hearing officer will determine whether a violation of Section 504 requirements has occurred and will render a decision in writing in a timely manner. The impartial hearing officer may grant a continuance at the request of one of the parties, if both parties agree. The decision or a separate notification from the School will inform the parties that either may appeal the decision to the appropriate state or federal court.

The decision made by the impartial hearing officer is final, and the parties shall abide by the decision of impartial hearing officer unless the decision is appealed to a federal court of competent jurisdiction and the decision is stayed by the court.

A written or audio recording of the Section 504 due process hearing shall be on file at the School office and will be available for review upon request to the parents and/or any of the involved parties at no cost.

20. Additional Procedures. The School, in consultation with the School’s 504 Coordinator, shall develop any additional procedures that are needed to implement these policies and ensure the rights of parents and students under Section 504 are secured.
